THE UNIVERSITY OF WYOMING

BOARD OF TRUSTEES’ REPORT

December 7-8, 2006
University of Wyoming Mission Statement (April 2002)

The University of Wyoming aspires to be one of the nation’s finest public land-grant research universities, dedicated to serving as a statewide resource for accessible and affordable higher education of the highest quality, rigorous scholarship, technology transfer, economic and community development, and responsible stewardship of our cultural, historical, and natural resources.

In the exercise of our primary mission to teach and educate students, we seek to provide academic and co-curricular opportunities that will:

- Expose students to the frontiers of scholarship and creative activity, and the complexities of an interdependent world;
- Ensure individual interactions among students, faculty, and staff;
- Nurture an environment that values and manifests diversity, free expression, academic freedom, personal integrity, and mutual respect; and
- Promote opportunities for personal growth, physical health, athletic competition, and leadership development for all members of the University community.

As Wyoming’s only university, we are committed to outreach and service that extend our human talent and technological capacity to serve the people in our communities, our state, the nation, and the world.

The primary vehicles for identifying the specific actions and resource allocations needed to achieve this complex mission are the University’s Academic Plan, Support Services Plan, and Capital Facilities Plan, each revised periodically.

- Other Specify:

BACKGROUND AND POLICY CONTEXT OF ISSUE:
This work session is presented to update the Trustees on the results of implementation of the Hathaway Scholarship Program at the University of Wyoming in the fall semester of 2006. The discussion will cover the number and demographics of students benefiting from the Hathaway Scholarship Program at UW, the associated reimbursement from the State of Wyoming, and information about how other scholarship monies are being redirected to serve the financial needs of other Wyoming resident students.

WHY THIS ITEM IS BEFORE THE BOARD:
This information is presented for general information.

BACKGROUND AND POLICY CONTEXT OF ISSUE:
The Trustees of the University of Wyoming, a constitutional body, are responsible for the “management of the university” (Wyoming Constitution, Article 7, 17). Chapter VIII of the Regulations of the Trustees stipulates that “all student fees, charges, refunds and deposits shall be fixed by resolution of the Trustees and shall be published in the appropriate university publications.”

Annual approval of tuition rates, mandatory fees, and other university charges will occur during the January and March 2007 Board meetings. It is the recommendation of the university administration that tuition rates be adopted at the January 2007 meeting and the remaining fees and charges approved at the March meeting with adoption of the annual Fee Book.

Over the past 10-year period (1996-97 through 2005-06) resident undergraduate tuition and mandatory fees have increased at differing rates each year ranging from .17% increase in rates in 1998-99 to an increase of 9.0% for the 2001-02 academic year. The average change in tuition and mandatory fees for this 10-year period of time has been 6% per year.

Nationally the median rate for public doctoral institutions has increased approximately 8% annually over the same time frame. The recent down turn in economic conditions within many states has resulted in disproportionately larger tuition and fee increases being approved at many public universities across the country over the past 3-4 years. Recent increases in many states have ranged from 10% to more than 20%.

The tables below show the most recent survey data regarding tuition and fees at the 25 universities participating in the Western Undergraduate Exchange Program.
### Undergraduate Average Annual Tuition and Fees at Western Undergraduate Exchange (WUE) Comparator Universities

</tbody>
</table>
For the 2006-07 academic year resident undergraduate tuition and fees at the WUE comparator schools increased 7% and non-resident tuition and fees increased by 6% compared to 3% and 2% for the University of Wyoming. Indexing tuition and fees to this set of comparator institutions or other public doctoral institutions continues to be problematic given the continuing need for these institutions to adjust rates to offset either static or diminishing fiscal support for higher education in many states.

The University of Wyoming has received tremendous support from the Governor and the Legislature in recent years. Salaries and benefits for faculty and staff have increased, capital outlay and one-time funds have been provided, and UW’s pressing technology needs have been
funded. These large cost items simply could not have been addressed without additional state support.

Routine operating costs for the institution continue to increase. Supply items for the classrooms and laboratories, postage and telephone, and even office supplies and equipment budgets will continue to be eroded by the effects of inflation. The discussion that occurred during the October 2006 Trustee Meeting showed that UW allocates most of its operating budget to salaries and benefits (73.7%) and approximately 18.5% to the support budgets that fund daily operations. Increases in tuition revenue can be used to mitigate the inflationary impact on support budgets and provide for a meaningful adjustment to this budget category.

For the past several years increases in tuition have been applied toward operating budget costs. Whether implementing specific priorities within the Academic Plan or allocating funds to daily operating budgets, it is essential that these budgets be adjusted on a regular basis to maintain operations.

Developing a tuition policy centered on regular tuition adjustments to fund operating budgets provides an opportunity for the institution to plan annual operating budget adjustments. Such a policy would also permit prospective students and parents to plan for tuition costs at the university knowing what rates would be implemented for a multiple number of years and thus avoid the erratic changes that have occurred over the past ten years. A multi-year tuition policy set at a three percent annual increase would provide the funding needed to adjust support budgets over time. Adjustments to the base tuition rates would not affect tuition differentials for Pharmacy or the Law School as these differentials would be adjusted for specific program purposes and presented to the Board as needed.

Adopting a four-year base tuition adjustment model of approximately three percent (3%) or $90 per academic year would change the tuition cost for resident undergraduates as follows:

<table>
<thead>
<tr>
<th>Academic Year</th>
<th>Hourly Rate</th>
<th>Academic Year Cost</th>
<th>Dollar Increase</th>
<th>% Increase</th>
</tr>
</thead>
<tbody>
<tr>
<td>2006-07</td>
<td>$94.00</td>
<td>$2,820</td>
<td></td>
<td></td>
</tr>
<tr>
<td>2007-08</td>
<td>$97.00</td>
<td>$2,910</td>
<td>$90</td>

The above figures are exclusive of mandatory fees assessed at the university. Mandatory fees per academic year are presently $694.60 for all full-time students.

Prior Related Board Discussions/Actions:
- January 2006 the Trustees established tuition rates for the 2006-07 academic year.
- March 2006 the Trustees approved the Fee Book for FY 2006-07.
- October 2006 the Trustees discussed tuition trends and costs.

WHY THIS ITEM IS BEFORE THE BOARD:
This is a work session item for the Board to discuss a potential tuition policy prior to establishing the tuition rates for the 2007-08 academic year.

ARGUMENTS IN SUPPORT:
Regular base tuition adjustments provide stability for adjusting operating budgets and planning for costs to attend the university.

ARGUMENTS AGAINST:
A multi-year tuition policy has not previously been adopted by the Trustees.

ACTION REQUIRED AT THIS BOARD MEETING:
This is a work session item that does not require action at this board meeting. The Board will adopt tuition rates and policy at the January, 2007 meeting.

PRESIDENT’S RECOMMENDATION:
N/A
AGENDA ITEM TITLE: Housing Policy Discussion cont’d, Axelson/Harris/McCuskey

BACKGROUND AND POLICY CONTEXT OF ISSUE:
This work session is presented to further acquaint trustees with the many and varied factors which play a significant role in the analyses and planning for the future of residential life and facilities for the institution.

Residence Life & Dining Services
A Balanced System of Financial Operations

Residence Life & Dining Services, as an auxiliary service, strives to maintain a balanced system of financial operations to support the work of the department. The system is comprised of a revenue stream on one side of the equation and debt service, operational expenses, and reserves on the other.

The revenue stream is comprised of several different sources of revenue including room and board fees, apartment rent, summer conference/camp revenues, and catering/food retail. Major revenues are evaluated annually to ensure they are adequate to support the operations of the department. During this evaluation phase, benchmarks are used to compare the university’s pricing to its peers. To maintain the system balance, revenue shortfalls necessarily require a corresponding decrease in expenditures.

Debt service is a fixed expense that is scheduled at the time debt is incurred. If debt payments are not made at the scheduled time, the university will default on its bond obligations.

Operational expenses are driven by five main components: salaries and benefits, food and food supplies, utilities, maintenance and housekeeping, and telecommunications. As major budget drivers, any projected changes in these five areas will drive the need to adjust revenues accordingly.

The department also maintains reserves for major repairs, renovations, and equipment replacement. Reserves are necessary to support reinvestment in the residential and dining facilities.

The model depicted below demonstrates the interplay among these four factors. In general, in order for the financial operations to maintain balance, revenues (and corresponding fees) must be set at a level to support existing debt service, operational expenses (including projected changes), and a reasonable contribution to the reserves.
The model demonstrates the magnitude of the individual revenue and expense items. Of the approximate $18M in revenues generated, approximately 40% (or $7.2M) are used for salaries and benefits, for example. Thus a change in this line item will have a greater impact on the budget than a similar percentage change in a smaller dollar line item.

In developing the fee proposal for 2007-08, the department emulated the university’s salary request to the legislature and budgeted health insurance premiums also at the same level that was factored into the university’s budget request. Salaries and benefits are therefore proposed to increase by approximately $300K. Utilities were budgeted at a modest 3% increase (or $100K) due to current natural gas rates lower than anticipated when the budget was prepared last year. Finally, food costs are budgeted at an inflationary 3% increase or $70K.

In order to balance the revenues to account for these increased expenses, room and board fees are proposed to increase by 4%, and rent fees by 1.44%. Average rent increases will total about $9 per month.

The fee proposal for Residence Life & Dining Services also includes a 2% increase for the renovation reserve fund. As proposed to the Board of Trustees in 2003, modest annual increases toward the renovation account will allow the department to assume debt to continue renovation efforts of residential properties. This additional 2% results in a Room and Board fee increase proposal of 6%. This totals about $400 per year for room and board, or an increase of about $1.70 per day. The Renovation Plan for Residential Facilities will be discussed further at a later meeting.

WHY THIS ITEM IS BEFORE THE BOARD:
This information is presented for the general information of the Trustees in preparation for setting room and board rates for the coming academic year.
AGENDA ITEM TITLE: 2007-08 Fee Book Policy Discussion, Harris

CHECK THE APPROPRIATE BOX(ES):

☒ Work Session
☐ Education Session

BACKGROUND AND POLICY CONTEXT OF ISSUE:

Fee Book Process

The process leading to approval of the University’s fees and charges is initiated by the Vice President for Administration. Each fall semester the vice president’s office distributes forms to colleges and departments asking each to provide changes and/or additions to the fees and charges that are assessed across campus. This annual process provides an opportunity to review the charges that are being assessed to students or other users of campus services and determining whether these charges cover the operating costs for the programs.

The major fee categories presented below have been submitted to the vice president’s office for review. Recommendations for adopting or modifying these requests will be completed in December and a preliminary recommendation will be presented to the Trustees at the January, 2007 meeting. The fee proposals that have been submitted reflect salary and benefit adjustments that parallel the institution’s request to bring Section I classified staff to the 2005 market rate. If the legislature approves the request to fund salary increases for Section I employees, it will be necessary to approve the proposed fee increases for the self-sustaining operations to parallel those salary adjustments. Should the funding request not be approved during the legislative session, these fees and charges will be adjusted to reflect that action.

The following table reflects proposed changes in mandatory fees compared to those being assessed this academic year:

1. FY 2007 - Student Services Fee includes ASUW ($40.80), Student Publications ($11.70), Recycling ($2.00), Wellness ($2.70), AWARE ($2.20) and Music/ Theater ($3.80).
FY 2008 - Student Services Fee includes ASUW ($41.80), Student Publications ($12.80), Recycling ($3.00), Wellness (n/c), AWARE ($3.20) and Music/ Theater ($4.70).

Changes in Residence Life & Dining Services Rates

The increases for residence hall rates (room and board) and apartment rental rates are based upon the same operations and benefit assumptions used to adjust the mandatory fees. Additionally, projected utility costs for the residence halls and apartments and loan and debt service payments have been factored into the rate adjustments. Salaries, benefits and utility costs represent the major cost components for the residence halls and apartments. The following table reflects the changes in residence hall rates and apartment rates for next fiscal year:

**WHY THIS ITEM IS BEFORE THE BOARD:**
Information item in preparation for the Board meeting in March.
AGENDA ITEM TITLE:
Cooperative Agreements with Wyoming Community Colleges, Murdock

CHECK THE APPROPRIATE BOX(ES):
☐ Work Session
☐ Education Session
☐ Information Item
☐ Other Specify:

BACKGROUND AND POLICY CONTEXT OF ISSUE:
In 1976 the University of Wyoming entered into its first formal cooperative relationship with a Wyoming community college. The UW agreement with Casper College created the opportunity to offer UW baccalaureate degree completion programs and graduate programs in the central Wyoming area through what is now known as the University of Wyoming Casper College Center (UWCC). Since that time, UW has developed formal cooperative relationships with the other six community colleges. Each of these relationships is based on a formal Cooperative Agreement and Memorandum of Implementation, which define the nature of our relationship with the community college and the processes that we will utilize to offer baccalaureate and graduate level programs, ensure a quality learning environment, and provide support for student learning.

While the agreements have been modified through the years, the existing Cooperative Agreements and Memoranda of Implementation are now outdated. For the past year, the Outreach School has worked within the University and with the community colleges to update these documents. Associate Vice President for Academic Affairs and Dean of the Outreach School Maggi Murdock will give a brief description of the updates at the meeting. The agreements will be ready for the Trustees to review and finalize in January 2007.

Prior Related Board Discussions/Actions:
The last approval of a community college cooperative agreement was in 2001.

WHY THIS ITEM IS BEFORE THE BOARD:
To provide the Board with general information about the cooperative agreements, as part of our relationships with Wyoming community colleges, prior to inclusion of the agreements on the formal Board agenda in January 2007.
AGENDA ITEM TITLE:  Fundraising Priorities, Buchanan/Blalock

CHECK THE APPROPRIATE BOX(ES):

☒ Work Session
☐ Education Session
☐ Information Item
☒ Other Specify: Business Meeting (Consent Agenda)

President Buchanan and Vice President for Institutional Advancement Ben Blalock will give a presentation to the Board of Trustees. Materials will be distributed at the meeting.
AGENDA ITEM TITLE:  Capital Facilities Plan, Harris

CHECK THE APPROPRIATE BOX(ES):
☒ Work Session
☐ Education Session
☐ Information Item
☒ Other  Specify: Business Meeting (Consent Agenda)

BACKGROUND AND POLICY CONTEXT OF ISSUE:
An update to the Capital Facilities Plan 2002-07 was distributed to the Board during the October 2006 meeting. The purpose of this document is to set forth the institution’s long range capital facilities plan and to update the prior plan for priorities that have emerged since 2002.

The major capital facilities needs for the university have been identified within each of the facility categories used in the initial plan. These categories included: Academic Facilities, Student Services, Residence Facilities, and Athletic, Recreational and General Services.

Major priorities identified in each category include:

Academic Facilities
- Information Library and Learning Center
- College of Business
- Fine and Performing Arts
- School of Energy Resources
- Natural History Center

Student Services
- Student Services Building
- Half Acre Addition and Renovations

Residence Facilities
- Student Housing Renovations

Athletic/Recreational/General Services
- Athletic Facilities
- Parking and Transportation
- Central Energy Plant

The update to the plan also includes numerous smaller projects that may be funded through university resources or a combination of state resources, private funding and university funds.

Finally, the update also shows the numerous projects that have been completed since the initial plan was approved by the Trustees in 2002.
Prior Related Board Discussions/Actions:
The Capital Facilities Plan is one of the key planning documents for the university following both the Academic Plan and the Support Services Plan. All three planning documents have previously been approved by Board action.

WHY THIS ITEM IS BEFORE THE BOARD:
Board action is required to approve the updated Capital Facilities Plan.

ARGUMENTS IN SUPPORT:
This update to the plan incorporates institutional capital facilities priorities that have been identified since the initial plan was developed.

ARGUMENTS AGAINST:
N/A

ACTION REQUIRED AT THIS BOARD MEETING:
It is recommended that the Board approve the update to the Capital Facilities Plan as presented in the document.

PRESIDENT’S RECOMMENDATION:
The President recommends approval of the Capital Facilities Plan.
AGENDA ITEM TITLE:
Recognition of Walt Werner’s Investment Class, Buchanan

CHECK THE APPROPRIATE BOX(ES):
- [ ] Work Session
- [ ] Education Session
- [X] Information Item
- [ ] Other Specify:

Walt Werner’s Investment class has $150,000 of Foundation money and $500,000 of State money which it invests. The students will explain the stock-picking process, as well as give an update on the status of the separate portfolios. Michael Walden-Newman from the State Treasurer’s Office will be in attendance with State Treasurer Cynthia Lummis.
Wayne Herr, partner in the firm McGee, Hearne & Paiz will lead a discussion regarding the University’s annual audited financial and compliance reports.

BACKGROUND AND POLICY CONTEXT OF ISSUE:
Accountability is the paramount objective of institutional financial reporting. It is the University’s duty to be accountable to the public and to provide information that responds to the needs of three groups of primary users of general-purpose financial reports:

- the citizenry,
- the governing board, the legislature and oversight bodies,
- and investors and creditors.

Meaningful financial reports and accompanying notes provide information useful for assessing financial condition and results of operations, assisting in determining compliance with finance-related laws, rules, and regulations, and assisting in evaluating efficiency and effectiveness of operations. Preparation of these statements and reports are the responsibility of university management; however, it is the audit function that provides an external examination of these financial statements and reports.

The University of Wyoming prepares five separate financial reports that are audited by an independent public accounting firm. McGee, Hearne and Paiz, LLP of Cheyenne, Wyoming, was awarded a four-year engagement to conduct the annual audit for fiscal years 2006 through 2009, subject to evaluation of the audit firm’s performance.

Due to the timing of this fall’s Board meetings, three of the five annual reports were presented in October, and the final two reports will be presented in December.

- **Financial Report** - consists of three components in accordance with required reporting standards: 1) management’s discussion and analysis 2) institution-wide financial statements; and 3) notes to the basic financial statements. Required supplementary information is included in addition to the basic financial statements. The auditors express an opinion that these financial statements present fairly, in all material respects, the financial position of the University of Wyoming as of the fiscal year end, and the changes
in its net assets and cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The University of Wyoming is a component unit of the State of Wyoming. As such, the University’s Financial Report is part of the Comprehensive Annual Financial Report prepared by the State Auditor’s Office in accordance with W.S. 9-1-403 (a)(v). It must be submitted to the State by December 31st.

- **Compliance Report** – as part of obtaining reasonable assurance about whether the University’s financial statements are free of material misstatement, the auditors perform tests of our compliance with certain provisions of laws, regulations, contracts and grants, noncompliance of which could have a direct and material effect on the determination of financial statement amounts. The auditors do not express an opinion on compliance with those provisions, instead they report that the results of their tests disclosed no instances of noncompliance that are required to be reported under Government Auditing Standards.

Non-federal entities that expend $500,000 or more a year in federal awards are required by the United States Office of Management and Budget (OMB) to have a “single audit.” The Financial Report and the Compliance Report together comprise a “single audit.” This reporting package is submitted to the Federal Audit Clearinghouse within the earlier of 30 days after receipt of the auditor’s report, or nine months after the end of the audit period. OMB Circular A-133 sets forth the standards for obtaining consistency and uniformity among federal agencies for the audit of States, local governments, and non-profit organizations expending federal awards. The Compliance Report is often referred to as the A-133 audit.

**Prior Related Board Discussions/Actions:**
- Annually – The Board approves and authorizes the Audited Financial Reports of the University of Wyoming.
- October 2006 – The Board approved the University’s Bond Funds, Wyoming Public Radio, and Intercollegiate Athletics annual audited financial statements and reports.

**WHY THIS ITEM IS BEFORE THE BOARD:**
The Board of Trustees is responsible for assuring that the University’s organizational culture, capabilities, systems and processes are appropriate to protect the financial health and the reputation of the University in audit-related areas. The presentation of annual audited financial reports is intended to inform the Board about significant matters related to the results of the annual audit so that they can appropriately discharge their oversight responsibility.

**ARGUMENTS IN SUPPORT:**
Annual financial reports serve various functions and have numerous audiences. They not only serve to inform the campus community of the institution’s financial condition and results of operations, they are required by various governmental, regulatory and rating agencies; holders of the institution’s bonds; and accrediting agencies. The Board of Trustees is held to a high standard of full financial disclosure, transparency and accountability: public acceptance and
approval of the financial reports completes the audit cycle, helps tell the University of Wyoming’s financial story and assists the Board in exercising their fiduciary responsibilities.

ARGUMENTS AGAINST:
There are no arguments against accepting and approving the annual audited financial reports.

ACTION REQUIRED AT THIS BOARD MEETING:
It is recommended that the Board of Trustees of the University of Wyoming approve the University Financial and Compliance Reports for the fiscal year ended June 30, 2006.

PRESIDENT’S RECOMMENDATION:
The President recommends approval of these two audited financial reports.

Elimination of Majors, Abernethy

a. Bachelor of Music Theory and Composition
b. Bachelor of Science in Management Information Systems (MIS)

CHECK THE APPROPRIATE BOX(ES):

☐ Work Session
☐ Education Session
☐ Information Item
☒ Other Specify: BUSINESS MEETING (Consent Agenda)

a. Bachelor of Music Theory and Composition

BACKGROUND AND POLICY CONTEXT OF ISSUE:
Current Department of Music faculty do not specialize in theory and composition, and thus lack the expertise necessary to provide the full curriculum necessary for a degree program. For the program to maintain certification by the National Association of Schools of Music (NASM) it was decided that in the best interest of the department and University that this degree be eliminated. A limited number of composition classes will be offered for the Bachelors of Music degree programs in Performance and Music Education.

Prior Related Board Discussions/Actions
None

WHY THIS ITEM IS BEFORE THE BOARD:
The Board of Trustees approves eliminations of titles of degrees and majors.

ARGUMENTS IN SUPPORT:
- The effective use of institutional faculty resources must be aligned with program priorities and student demand. On that basis this degree program is proposed for elimination.
- There are currently no students enrolled in this program.
- The proposal has been reviewed and approved by the Department of Music faculty, the College of Arts and Sciences Central Committee, the college Dean and the Vice President for Academic Affairs.

ARGUMENTS AGAINST:
None

ACTION REQUIRED AT THIS BOARD MEETING:
The proposed elimination of Bachelor of Music Theory and Composition major has been placed on the consent agenda for approval by the Board.
PRESIDENT'S RECOMMENDATION:
President Buchanan recommends immediate approval.

b. Bachelor of Science in Management Information Systems (MIS)

BACKGROUND AND POLICY CONTEXT OF ISSUE:
The Computer Science Department faculty and Dean of the College of Engineering request elimination of the Bachelor of Science in Management Information Systems (MIS). The MIS degree cannot be accredited at this time because the existing and planned faculty expertise is not rich enough in this area. The department is implementing a Computers in Business option in the existing, accredited Computer Science major. This option meets the standards to be accepted by the disciplinary accreditation body for Computer Science, the Accreditation Board for Engineering and Technology (ABET). The option is based on courses already in place, delivered in a regular sequence, and consistent with the department’s long-range academic and hiring plans.

Prior Related Board Discussions/Actions:
None

WHY THIS ITEM IS BEFORE THE BOARD:
The Board of Trustees approves eliminations of titles of degrees and majors.

ARGUMENTS IN SUPPORT:
- The effective use of institutional faculty resources must be aligned with academic planning priorities, and with the value to students of disciplinary accreditation for the major, when appropriate. On that basis the MIS degree program is proposed for elimination.
- Students currently in the MIS degree program will be allowed to complete the major if they choose. Since the required coursework is currently offered, completion of these students will not require additional resources.
- The proposal has been reviewed and approved by the Department faculty, the College of Engineering Academic Programs Committee, the college Dean and the Vice President for Academic Affairs.

ARGUMENTS AGAINST:
None

ACTION REQUIRED AT THIS BOARD MEETING:
The proposed elimination of Bachelor of Science in Management Information Systems and options has been placed on the consent agenda for approval by the Board.

PRESIDENT'S RECOMMENDATION:
President Buchanan recommends immediate approval.
6. Committee of the Whole- CONSENT AGENDA

Personnel, Allen

Margaret Skinner received a B.S. (1984) in Biochemistry from the University of Strathclyde, Glasgow, Scotland, and a Ph.D. (1993) in Physiology from the University of Witwatersrand, Johannesburg, South Africa. Dr. Skinner has been a non-extended-term Assistant Lecturer at the University of Wyoming since 2003.

B.Items for Information

The changes in appointments and reappointments listed below are for the information of members of the Board of Trustees.
GLOSSARY OF PERSONNEL TERMS

Academic Professional
Person other than faculty, engaged primarily in activities that extend and support the teaching, research, extension, and service missions of the University. There are four categories of academic professional: Extension Educators, Lecturers, Research Scientists, Post-Doctoral Research Associates. Individuals belonging to any of the first three categories can hold extended-term-track appointments under certain conditions.

Academic-Year (AY) Appointments
Appointments in which the regular period of employment includes the fall and spring semesters (nine months) of each year, with no accrual of vacation leave. Most faculty members and academic professionals hold AY appointments. AY employees typically receive their nine-month salaries and benefits spread out over the 12 months of each calendar year.

Adjunct Faculty
An adjunct appointment is the appointment of an individual to an academic unit that recognizes special discipline-related expertise but carries no financial obligation per se. Adjunct appointments can include qualified non-academic personnel or faculty with other academic affiliations. Adjunct appointments carry no rights to remuneration, tenure, or employment-related privileges and are normally for three years, with renewal possible.

Archives Faculty
This special faculty designation is reserved for archivists of the American Heritage Center. Archivists are responsible for acquiring original resource material to support academic research and teaching, organizing the material physically and intellectually, and teaching faculty, students and others to use these materials. There are three archivist ranks: Assistant Archivist, Associate Archivist, Archivist.

Assistant Professor
Indicates tenure-track appointments of individuals who hold the terminal degree in their discipline. This is the usual entry-level faculty rank.

Associate Professor
In addition to the qualifications of an Assistant Professor, Associate Professors have established a strong reputation in scholarship and teaching. Generally, faculty hired as Assistant Professors are promoted to the rank of Associate Professor at the time tenure is granted.

Clinical Faculty
Clinical faculty appointments allow experts in health-related fields to contribute to the training of UW students in allied disciplines. Clinical appointments are for at most one year at a time and carry no rights to tenure or extended terms. Clinical faculty members may be salaried members of the UW faculty, in which case their reappointment is subject to annual performance reviews. There are also adjunct clinical faculty appointments, which typically involve health-care professionals whose normal employment is outside the university. Adjunct clinical appointments carry no financial commitment from the University.

Emeritus Faculty
Tenured faculty who retire after long and distinguished service are eligible for emeritus status upon their retirement. The designation is honorary and carries no necessary commitment of space or remunerative employment. By analogy, extended-term academic professionals may be eligible for emeritus status upon retirement. (Emeritus=masculine, emerita=feminine, emeriti=plural.)

Extended-Term Appointment
Academic professionals who have successfully completed probationary terms (usually six years) may receive six-year appointments called extended-term appointments. The term also applies to certain librarians and archivists who hold faculty status. These employees are eligible for extended-term appointments after five-year probationary periods. Extended terms for these employees are five years in length. Academic professionals, librarians, and archivists who are in the probationary period are on the extended-term-track.
Extension Educator
These academic professionals provide non-credit education to off-campus clientele through UW's Cooperative Extension Service. There are three ranks of Extension Educators: Assistant University Extension Educator, Associate University Extension Educator, Senior University Extension Educator. All Extension Educators are in the College of Agriculture.

Faculty
Members of the permanent faculty include tenured or tenure-track Assistant Professors, Associate Professors, and Professors. Also included are tenure-track individuals who hold the rank of Instructor while completing their terminal degrees. Librarians and archivists also hold faculty status. They are eligible for extended terms instead of tenure.

Fiscal-Year (FY) Appointments
Appointments in which the regular period of employment is the entire calendar year, with accrual of annual vacation leave. Faculty members who hold administrative positions with summer responsibilities often have FY appointments for the duration of their administrative terms.

Full-Time Equivalent (FTE)
A measure of the time commitment expected of an employee or a set of employees. For example, two full-time employees or four half-time employees constitute 2.0 FTE.

Instructor
Tenure-track faculty member who does not yet hold the terminal degree in the appropriate field. UW requires verification of degrees in the form of official transcripts. UW does not grant tenure to faculty members who hold Instructor status at the time of the decision.

Leave of Absence Without Pay
Academic and administrative personnel may request leaves without pay for periods normally not in excess of one year, for purposes consistent with the professional enhancement of the employee and the advancement of the University's stature.

Lecturer
A category of academic professional involved largely in classroom instruction. Lecturers may be appointed to three ranks: Assistant Lecturer, Associate Lecturer, Senior Lecturer.

Library Faculty
This faculty designation applies to employees of the University Libraries. There are three ranks of library faculty: Assistant Librarian, Associate Librarian, Librarian.

Part-Time Employee
Any employee holding less than a full-time equivalent position (FTE less than 1.0).

Post-Doctoral Research Associate
Post-Docs are doctorally qualified academic professionals seeking greater professional development and research investigation, before obtaining permanent employment. Post-Doctoral appointments are temporary.

Probationary Faculty
This term refers to tenure-track faculty members who are working toward tenure and to academic professionals, library faculty, and archive faculty who are working toward extended-term contracts. The probationary term for academic professionals is generally six years, with yearly reviews and re-appointments. For librarians and archivists, it is five years. Faculty members who are on tenure-track appointments typically undergo the review for tenure in the sixth year of employment.
Professional Development Leave
Extended-term academic professionals who have completed six years of service at the University are eligible for professional development leave. The purpose of development leave is to enhance performance, to conduct special studies, or in some other way to enhance an individual’s ability to contribute to the University. Development leaves can be granted with or without pay, are the prerogative of the academic unit in which the academic professional is located, and are generally similar to sabbatical leaves for faculty.

Professor
In addition to the qualification of an Associate Professor, "full" Professors have attained wide recognition in their professional fields for scholarship or other creative activity and have gained recognition for superior teaching and service.

Research Professor
Person with demonstrated superior capacity for research contributions, who is employed solely on external funds, and who holds a terminal degree. These appointments are made only at the Professor level and for not more than one year at a time. They are renewable.

Research Scientist
An academic professional whose primary responsibility is to conduct research. There are three ranks for Research Scientists: Assistant Research Scientist, Associate Research Scientist, Research Scientist.

Review Year
Year in which a reappointment review occurs for probationary employees. Normally, tenure-track faculty members undergo mandatory reappointment reviews in their first, second, and fourth years, with optional reviews in the third and fifth years. A review for the tenure decision occurs no later than the sixth year. An explanatory flow chart appears at the end of this glossary. In some cases employees start with credit toward a tenure or extended-term decision, based on their previous experience. In these cases the review year is the number of years of service at UW plus the number of years of credit.

Sabbatical Leave
Sabbatical leave may be granted to any tenured member of the faculty for the purposes of increasing professional competence and usefulness to the University. A minimum of six years service at the University must precede each period of sabbatical leave, although no right accrues automatically through lapse of time. Sabbatical leaves are normally granted for either a half year (full pay) or a full year (60% of salary). A faculty member who fails to return to the University after a sabbatical leave must repay the amount of compensation received from the University during the sabbatical. Faculty members may not use sabbatical leaves to pursue

Temporary Appointment
A short-term appointment without rights to tenure or extended term. Most temporary appointments are for one semester or one academic year.

Tenure-Track Appointment
Indicates a probationary faculty appointment prior to the award of tenure. Tenure-track positions generally require six years to tenure, but fewer years may be required based upon level of previous experience and accomplishments.

Terminal Degree
Typically the highest earned degree in a field of study. Examples include the Ph.D. (a variety of fields), the M.D. (medicine), the Ed.D. (education), M.F.A. (fine arts), M.Arch. (architecture), and J.D. (law).

Visiting Appointment
Indicates a non-permanent, non-tenure-track faculty appointment. Most visiting appointments are for one year.

Remarks: The contractor will be finishing up the third level of the existing building by Thanksgiving. The rest of the existing building will be finished by Christmas. The addition should be finished by the first of the year. Substantial completion inspections will start the first part of December. The building should be substantially complete in January of 2007. The audio visual contract has been executed. Equipment is being ordered and installation will begin in the middle of January. Furniture for the facility has been bid and contracts are being executed. Installation of the furniture should start in late February.

2. Wyoming Technology Business Center (WTBC)

   Construction Manager at Risk: Delta Construction Inc.
   Laramie, WY
   Guaranteed Maximum Price: $8,428,000.00
   Contract Substantial Completion Date: July 6, 2006
   Extended: July 31, 2006
   Data Center Completion Date: October 13, 2006

</tbody>
</table>

Remarks: The parking lot has been graded and base course placed at the parking/loading area. Brick is topped out at the north and east sides. Brick and stone are nearly complete on the west side. The masonry will continue on the south side. The stairs have been installed. Most of the exterior walls have been insulated. The roof is 95% complete. Window frames and glazing installation is underway in sequence with the masonry. Duct work, plumbing and electrical rough-in continue throughout the building. Drywall is started in the basement and is in sequence with work going up the levels. A high level of work quality has been noted by the consultants. There continues to be discussions about the construction schedule and completion date.
5. **Outdoor Track**

   Contractor: A. T. G. Sports Industries, Inc.
   Andover, KS

   Bid Price: $995,000.00

   Contract Substantial Completion Date: August 1, 2006

   Extended date due to resurfacing tennis court: August 19, 2006

BACKGROUND AND POLICY CONTEXT OF ISSUE:

STATE MATCHING FUNDS FOR ATHLETICS

Anonymous Donor
This is to inform you regarding approval for Wyoming Legislative Matching Funds for a gift of $50,000.00 from an Anonymous Donor on October 12, 2006. The gift is designated for the Indoor Practice Facility.

This Anonymous Donor is a friend of the University of Wyoming.

Donovan, Clair and Vicki
This is to request approval for Wyoming Legislative Matching Funds for a pledge of $25,000.00 from Clair and Vicki Donovan signed on October 12, 2006. The pledge is designated for the Athletic Campaign Unrestricted Fund.

Mr. and Mrs. Donovan are friends of the University of Wyoming.

Herz, Tad and Ann
This is to inform you regarding approval for Wyoming Legislative Matching Funds for a pledge of $25,000.00 from Tad and Ann Herz signed on November 3, 2006. The pledge is designated for the Athletic Campaign Unrestricted Fund. Mr. and Mrs. Herz had a prior pledge for $25,000.00, which has already been paid, for the same purpose.

Mr. Herz graduated from the University of Wyoming College of Business in 1985, while Mrs. Herz graduated from the University of Wyoming College of Education in 1985.

Rendle, Betty Estate
This is to inform you regarding approval for Wyoming Legislative Matching Funds for a gift of $37,450.50 from the Estate of Betty Rendle given on October 31, 2006. The gift is designated for the Athletic Campaign Unrestricted Fund. The Estate of Betty Rendle has made gifts to the University of Wyoming of over $1 million.

Ms. Rendle was a friend of the University of Wyoming.
STATE MATCHING FUNDS FOR ACADEMIC FACILITIES

**ANONYMOUS DONOR**
This is to inform you regarding approval for Wyoming Legislative Matching Funds for a pledge of $125,000.00 from an **ANONYMOUS DONOR** signed on October 9, 2006. This donor has previous endowment state matches totaling $351,000.00, and previous athletics state matching dollars of $625,000.00

The pledge is designated for the remodel and expansion of the University of Wyoming College of Law Seminar Room (Moot Courtroom Facility).

This donor is an entity rather than an individual.

**Hickey, Paul and Jeanne**
This is to inform you regarding approval for Wyoming Legislative Matching Funds for a pledge of $25,000.00 from Paul and Jeanne Hickey signed on October 20, 2006.

The pledge is designated for the remodel and expansion of the University of Wyoming College of Law Seminar Room (Moot Courtroom Facility).

Mr. Hickey graduated from the University of Wyoming with a Bachelor of Arts in History from the College of Arts and Sciences in 1972 and a JD from the College of Law in 1975. Mrs. Hickey graduated from the University of Wyoming from the College of Arts and Sciences in 1974 and from the College of Business with an MBA in 1985.

STATE MATCHING FUNDS FOR ENDOWMENTS

**Family and Friends of Michael Phillips**
This is to inform you regarding approval for Wyoming Legislative Matching Funds for a $50,000.00 gift from Family and Friends of Michael Phillips to the Michael R. Phillips Memorial Scholarship.

The family and friends of Michael Phillips include UW graduates as well as friends of the University of Wyoming.

**Nielson, James E.**
This is to inform you regarding approval for Wyoming Legislative Matching Funds for a $5,030,756.20 gift from James E. Nielson to the James E. Nielson Excellence Fund for the School of Energy Resources.

Mr. Nielson graduated in 1954 with a Bachelor of Science degree from the College of Business at the University of Wyoming.
**Unger, Clayton “Clay”**
This is to inform you regarding approval for Wyoming Legislative Matching Funds for a $50,000.00 gift from Clay Unger to the Clay Unger Business Endowment. Mr. Unger has previous endowment state matches of $260,504.

Mr. Unger is a friend of the University of Wyoming.

**Ward, Dixie**
This is to inform you regarding approval for Wyoming Legislative Matching Funds for a $100,000.00 pledge from Dixie Ward to three new endowments, the Margaret Mains Fund, the Ward Family Scholarship, and the Ward Family Sigma Chi Scholarship.

Ms. Ward is a friend of the University of Wyoming.

BACKGROUND AND POLICY CONTEXT OF ISSUE:
The UW Foundation has agreed to report on donor giving to the UW Board of Trustees.

WHY THIS ITEM IS BEFORE THE BOARD:
This report is before the Board to advise them of the most current giving totals.

COMMENTS:
There are two spreadsheets within the FY2006 Monthly Giving Report through October 31, 2006. The first includes all gifts, while the second focuses on annual fund gifts. Both tables are broken down by the unit receiving the gifts.

4. INFORMATION ONLY ITEM:

Fay W. Whitney School of Nursing Partnership with Sheridan College, Allen

CHECK THE APPROPRIATE BOX(ES):

☐ Work Session
☐ Education Session
☒ Information Item
☐ Other Specify:

BACKGROUND AND POLICY CONTEXT OF ISSUE:

The University of Wyoming Fay W. Whitney School of Nursing and Sheridan College have developed a unique partnership to offer a mix of traditional classroom and online baccalaureate education for nurses in Sheridan. The gift from the Whitney Foundation in Sheridan will provide an endowment for a high visibility doctorally prepared faculty position at Sheridan College with an adjunct appointment at UW. The professor will teach both online and on campus classes that are part of UW’s RN/BSN Program.

Dr. Pamela Clarke, Dean of the UW School of Nursing has worked closely with Dr. Mary Burman, Dean of Health Sciences, as well as the director of the nursing program and the President at Sheridan College to develop a creative model for nursing education. The agreement provides for the use of a variety of teaching approaches for nurses in the Sheridan area. In addition, students in the program will have the opportunity for expanded clinical experiences as well as opportunities to participate in research with both Sheridan College and UW faculty.

WHY THIS ITEM IS BEFORE THE BOARD:

To provide the Board with an update on the agreement with Sheridan College.
5. INFORMATION ONLY ITEM:  Foundation Report on Performance of Assets, Blalock

CHECK THE APPROPRIATE BOX(ES):

☐ Work Session
☐ Education Session
☒ Information Item
☐ Other Specify:

(The materials following this narrative are posted separate from the Board of Trustees’ Report on the University website).

BACKGROUND AND POLICY CONTEXT OF ISSUE:
UW transferred their endowment funds to the UW Foundation for management, and the UW Foundation agreed to report performance on those assets regularly.

WHY THIS ITEM IS BEFORE THE BOARD:
With that understanding in mind, the performance results compiled by Monticello Associates on the University of Wyoming Foundation pooled endowments as of September 30, 2006 are included in the book for your reference.

COMMENTS:
These performance results include all of endowment assets managed for the University of Wyoming Foundation, including the assets transferred from the University and the State Match monies.
