

Request Change to the 2015-2016 Catalog

The University Studies Program has undergone changes effective fall 2015. Current UW students with fewer than 60 earned hours may elect to move to the 2015-2016 catalog requirements so that they fall under the USP 2015. By choosing to move to this catalog year the student agrees to **complete all degree requirements effective fall 2015 not only for USP, but for their entire program** including major, minor, concentration and college requirements under the 2015-2016 catalog. *A completed example form is available here, <http://www.uwyo.edu/unst/usp2015/faq-student/>. The chart is meant to be a tool for students and advisors to determine how their current USP courses would transfer to the USP 2015 requirements.

Student's Name: _____ "W" Number: _____
