## Patient Service Agreement

## Patient Financial Agreement:

The information provided on the Patient Registration Form is true and correct to the best of my knowledge. I request UW Family Medicine (UWFM) to provide me/my family with medical care. I accept responsibility to pay for this care according to the fees established. Furthermore, I authorize assignment of benefits for medical service to be paid to the UWFM. Also, I authorize UWFM to bill my insurance by electronic filing through a billing agency and to release any medical information needed for processing claims. In the event an X-ray and/or lab test(s) are performed during my visit, I authorize UWFM to release patient information to the external agency for the processing and billing of the ordered film(s) and/or test(s). I agree that any telephone number provided by me may be used by the clinic staff and/or its representatives to contact me regarding my medical care or billing.

I understand that I will be expected to provide all required information for determining eligibility for sliding fee discounts within 7 days of my visit. If I do not provide adequate financial information, I understand that I will be expected to pay in full for services rendered. I understand that I will be required to update all financial information every twelve months to remain eligible for any sliding fee discounts and that I will update my financial information immediately if my financial situation changes.

I understand that all sliding fees, co-pays, deductibles, and co-insurances are my responsibility and that these charges are due and payable at the time of check-in on the date of service. I understand there could be additional fees after my provider appointment, and that those fees are my responsibility.

I understand that if I have health insurance, payment for services is ultimately my responsibility and that UWFM bills my insurance company as a courtesy to me. I understand that I may receive separate billing from outside agencies such as laboratories, pathologists, and radiologists, and that these charges are my responsibility.

I understand that if I am unable to pay my bill in full that I must make payment arrangements with the billing staff prior to the balance reaching 90 days past due. If the balance reaches 90 days past due without a written payment plan, it is subject to an immediate turn to collections without additional notice to me.

I understand that it is my responsibility to keep UWFM informed of my current address and telephone number. If a monthly billing statement is returned to UWFM as undeliverable or no forwarding address and UWFM is unable to contact me by telephone, I understand that my account will be turned to collections.

Date

I understand that if I have written a non-sufficient fund check, I will be expected to pay that check and the \$25 fee by cash or credit card only and that any further financial transactions will be by cash or credit card only until the NSF check and fee are paid.

UWFM is a non-profit organization, however, we must charge fees to continue providing health care services to all patients in need. <u>I understand that UWFM is not a "free clinic"</u>.
