UW Health Planning Highlights

-- If you want to continue the pre or post tax election made for 2010 insurance premiums, no action is required. Do not submit a new Flexible Benefits Plan Enrollment Form unless you want to:
  -- Change the tax status of your premiums or
  -- Contribute to a Medical Reimbursement Account or a Dependent Day Care Reimbursement Account in 2011 (participation in these two accounts must be re-elected every year.)
-- Complete a Group Health Insurance Application if you want to:
  -- Change your health insurance deductible or
  -- Add a child up to 26 years old to your coverage (proof of student status is no longer required.)
-- You may enroll in optional dental insurance if you have met the three-year waiting rule by completing a Group Dental Insurance Application.
-- You may enroll in vision coverage if you have met the two-year waiting rule by completing a VSP Enrollment Form.
-- There will be significant increases in both the employee and employer portions of the health insurance premiums.
  -- The $2,500/$5,000 deductible health plan will change to a $2,000/$4,000 deductible.
  -- Over the counter medications will not be reimbursable from a Medical Reimbursement Account.

You can access personal information such as current benefit participation, paystubs, home address, and emergency contact by accessing Self-Service in WyoWeb.

There will also be a Benefit Fair from 9 a.m. – 3 p.m. Wednesday, Nov. 10, in the Wyoming Union ballroom. You will have the opportunity ask benefits questions, submit enrollment applications, learn to use Self-Service and visit with financial and insurance vendors.

If you are unable to print any of the needed forms, copies are available in Wyoming Hall, Room 141. For more information, contact the Benefits Office at 766-4220 or hrbenofc@uwyo.edu.
