MANNERS MATTER!

Is It Rude to Tease?

It depends on how and why you do it. There is good teasing and then the other kind—the kind that hurts or annoys people. Good teasing is meant to draw attention to someone in a positive way. Like “Try not to hurt yourself carrying all those trophies home, okay?” This kind of teasing is usually done with a sincere smile. It makes the person who is being teased feel noticed and accepted.

Sometimes, you can tease your close friends about their unique qualities or silly things they do—as long as you’re keeping it among friends. Like “When you get Lori laughing hard enough, she snorts like a pig!” Or “Jeff, I saw you checking out your muscles when you thought no one was looking.” Say it in a way that is funny, not mean. If you put your arm around your friend or follow up with, “I’m totally kidding, okay?” then you’re showing that you meant no harm. If your friend is ever offended by your teasing, say you’re sorry.

With warmer months approaching and lots of physical activities with our fair animals it is important to remember Food Safety.

Food Safety Quiz

1. Before you touch or prepare any type of food, your hands should be washed with warm water and soap for at least:
   A. 5 seconds or, B. 20 seconds
2. Is it safe to put cooked food on a plate that held raw meat, poultry or seafood?
   A. Yes or, B. No
3. Food should not be left at room temperature for more than:
   A. 2 hours or, B. 10 hours
4. The only way to be sure foods are cooked long enough to kill harmful bacteria is to: A. Use a food thermometer or, B. Use a timer

Back Row: Brody Leonhardt, Nelson Lewis, Danielle Schainost, Kaci Schmick, Anna Schmick and Noelle Chapman
Front Row: Jacob Chapman, Tanner Wyse, Coach Sharlet Duffy, Kendall Haas, Shelby Schainost, Makenna Greenwald and Coach Harley Cushman
