

Wyoming Accessible Educational Materials Clearinghouse

DOES YOUR STUDENT NEED AEM?

ACCESSIBLE EDUCATIONAL MATERIALS are designed to provide students with print disabilities an equal opportunity to learn. A print disability means that an individual may have a visual impairment, physical impairment, or a reading disability, such as dyslexia, that impairs his or her ability to read and learn from standard educational materials. Accessible educational materials include audio, large print, digital, and braille formats. The Wyoming AEM Clearinghouse works with school districts in Wyoming to provide accessible educational materials to students with print disabilities.

HOW ARE AEM FORMATS REQUESTED?

THE WYOMING AEM CLEARINGHOUSE is a designated state authorized user for a federally funded, national repository of accessible educational materials. School districts can contact the Wyoming AEM Clearinghouse directly to request assistance in obtaining alternative formats of educational materials. Eligibility and request forms, as well as additional support information can be found on Wyoming's AEM website at:
