# National Training Initiative

**Three year initiative (2019-2022)** to build nationwide capacity and confidence in applying evidence-based practices in serving children and families impacted by opioid use.

Activities include:

- 1) Refine curriculum developed in 2018-2019 SCOPE Pilot
- 2) Train 16+ Primary Lead Programs (sites) in ECHO-SCOPE model and curriculum
- 3) Assist sites to integrate this initiative into current and future interagency collaborations
- 4) Provide monthly technical assistance and ongoing support to implementation sites
- 5) Conduct rigorous evaluation
- 6) Disseminate materials and results

# Eligibility

## Primary Lead Program (sites)

- University Center for Excellence in Developmental Disabilities
- Leadership Education in Neurodevelopmental and other Disabilities

# Primary Lead Programs Expectations:

- Attend virtual orientation session
- Attend a two-day ECHO immersion training
- Identify an interdisciplinary team
- Attend an in-person and/or virtual strategic planning session
  - Topics will include but are not limited to: (1) engagement strategies for interdisciplinary state teams, (2) adaptation of interdisciplinary curriculum, (3) curriculum implementation strategies, and (4) sustainability planning.
- Implement ECHO-SCOPE within their own states and with identified interdisciplinary state teams utilizing the ECHO model
- Work collaboratively with WIND to ensure rigorous evaluation of ECHO-SCOPE and outcomes of the national training initiative

# Collaborating partners could include:

- Early intervention
- Home visiting
- Public health nursing
- Hospitals
- Nurse navigators
- Childcare
- Parents
- Recovery
- Treatment
- Existing ECHO programs

# Primary Lead Program Selection

- Priority is given to states who identify as a high impact state regarding increased Neonatal Abstinence Syndrome.
- Once applications are viewed, first priority is given to those who are most impacted.
- In selecting the second cohort we strongly suggest including data from your state which identifies the opioid impact and increased NAS.

# Timeline

Applications due August 14, 2020

- Virtual immersion trainings will occur October 12-13, 2020

# Timeline

- Ongoing monthly meetings to build a national community of practice
  - technical assistance
  - discuss best practices
  - ongoing support
- On-site strategic planning for the implementation of NTI-SCOPE (as needed)

# Funding

To be used by Primary Lead Programs (sites) as they determine, but could cover travel, infrastructure, stipend expenses, etc..

- 1) \$5,000 to support costs associated with the in-person ECHO Immersion training
- 2) \$7,500 to support ECHO-SCOPE implementation
- 3) \$5,000 for subsequent ECHO-SCOPE implementation
