GET OUT YOUR AAC ROADMAP!
From the Village of First Words to the City of Fluency

This training will walk participants through the steps involved in the consideration, assessment, acquisition, and integration of Augmentative and Alternative Communication (AAC) in pre-school, school, and community settings. The presenter will answer practical questions as they relate to AAC from the perspective of a speech language pathologist working in multiple settings. You will get answers to the “who, what, why, when, and where” questions related to appropriate communication interventions. You will also learn how to identify individuals who are appropriate candidates for AAC, and you will better understand how an individual may benefit from alternative or augmentative communication intervention. The trainer will discuss multiple situations in which individuals acquired and used no-tech, low-tech and high tech devices, and will provide opportunities for participant questions throughout the session.

You do not need to bring an AAC device to the workshop; but, it is highly recommended that attendees bring iPads.

Training dates: March 10-11, 2016. 9 a.m.-3:45 p.m.
Registration: www.uwyo.edu/wind/watr/training

Cost: $200 per attendee
Capacity: 20 participants
Questions: Please contact Darcy Regan: dregan1@uwyo.edu or call (307) 766-2932.

ABOUT THE TRAINER
Darcy Regan M.A., CCC-SLP is an assistance lecturer at the University of Wyoming. Darcy works with individuals of all ages, completing augmentative alternative communication assessments across the state of Wyoming. Darcy has previous experience working in the pre-school and school-age settings. Disclosure: Darcy Regan is employed by Wyoming Institute for Disabilities and is a member of Wyoming Speech-Language Hearing Association.

Continuing education: This program is offered for 1.1 ASHA CEUs (Intermediate Level, Professional Area) and .70 PTSB Credit (bring PTSB or ASHA number). Full attendance both days is required in order to receive Continuing Education Credit.

This workshop is sponsored by Wyoming Institute for Disabilities (WIND).
