## UW ECHO® in Rural/Frontier Care Transitions Network Case Presentation Form

Complete ALL ITEMS on this form and fax to (307) 766-2763 or email to [arux1@uwyo.edu](mailto:arux1@uwyo.edu)

\*When we receive your case, we will email or fax you a confidential patient ID number (ECHO ID) that must be utilized when identifying your patient during clinic.

PLEASE NOTE that Project ECHO® case consultations do not create or otherwise establish a provider-patient relationship between any Wyoming Rural/Frontier Care Transitions ECHO clinician and any patient whose case is being presented in a Project ECHO® setting.

Presenting a case is an opportunity to receive best-practice recommendations for consideration in management of their patients by presenting their challenging cases in the coordination of care for discussion and feedback to a network of colleagues in the bi-state region as well as a specialist care team.

ECHO ID Number:
