

WYOCLOUD PLANNING AND BUDGETING

Good Afternoon!

Some users may see the following error message when they open the Unrestricted Suppressed card:

4.1 Unrestricted Suppressed

Unable to load the data entry form as the number of data entry cells exceeded the threshold.

This error is caused when more than 1,000,000 cells of data are returned. Due to mismatching in Program and Activity during the first two years there may be excess data (Program, Activity, Account values) in many organizations that will be cleared as we continue to use the system.

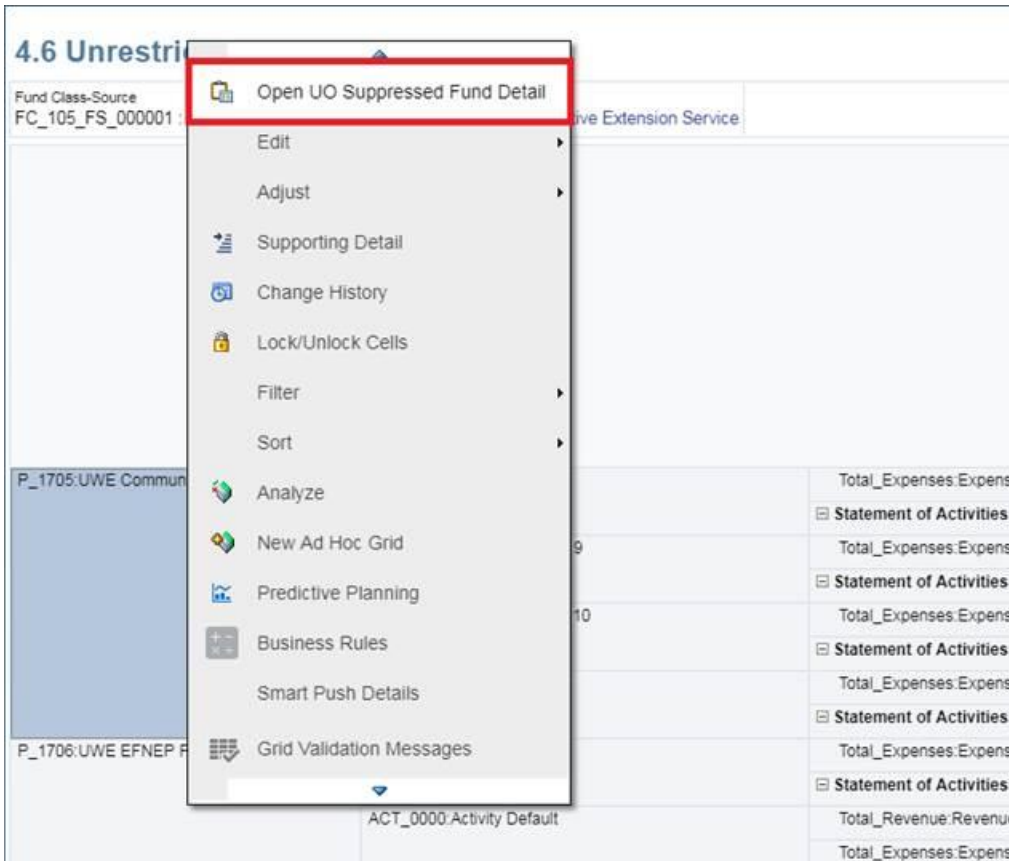

For organizations that return this error the Budget Office has created a new card for data entry.

The "Un Op – Review by Program" card allows a user to review budgeted Programs and Activities at the total revenue, expense and Net Result level and drill into specific programs to enter data.

When you click on this card it will bring the user to a summary of all Programs and Activities. The user can right click on any of the Programs listed and select “Open UO Suppressed Fund Detail” in the menu to open a suppressed form for data entry.

P_1705:UWE Communications & Technology	ACT_1830:Incident 2	Total_Expenses:Expenses
		<input type="checkbox"/> Statement of Activities:Net Result
	ACT_3110:Program Review 9	Total_Expenses:Expenses
		<input type="checkbox"/> Statement of Activities:Net Result
P_1706:UWE EFNEP Programs	ACT_3111:Program Review 10	Total_Expenses:Expenses
		<input type="checkbox"/> Statement of Activities:Net Result
	ACT_0000:Activity Default	Total_Expenses:Expenses
		<input type="checkbox"/> Statement of Activities:Net Result
P_1706:UWE EFNEP Programs	ACT_7038:Field Study 4	Total_Expenses:Expenses
		<input type="checkbox"/> Statement of Activities:Net Result
	ACT_0000:Activity Default	Total_Revenue:Revenue
		Total_Expenses:Expenses
		<input type="checkbox"/> Statement of Activities:Net Result

The user can then enter data for the specific Program and Activities.

Thanks,

The UW Budget Office
