

NEW FORECASTING QUICK REFERENCE GUIDE

Greetings,

The WyoCloud Planning and Budgeting Team has developed an additional Quick Reference Guide for you as you enter your FY18 forecast. The guide, called [Entering Forecast & Navigating to Unsuppressed Forecast Form](#), outlines how to access the forecasting tool, enter data into the forecast input form, and how to access the unsuppressed form from within the forecast input. The guide also explains the various columns within Planning and Budgeting.

Additional Planning and Budgeting resources are available on the [WyoCloud Knowledge Base](#) and the [Budget Office website](#). If you would like in-person support, you can sign up for a Planning and Budgeting [Open Lab](#). Please contact the UW Help Desk if you need assistance or support at userhelp@uwyo.edu or by calling 766-4357 and selection option #1.

Best,

The WyoCloud Planning and Budgeting Team
