

WYOCLOUD PLANNING AND BUDGETING

Good Afternoon!

The budget office is not able to provide position detail spreadsheets today due to HCM data validations and conversions which have to be completed, in a regular sequence, so that HCM can go live on January 22. We will provide any additional information as it become available to the budget office on this issue. We fully understand the value of each day during the budget process and will adjust the February 15th All Budgets due to the Budget Office deadline as necessary dependent on when payroll information is provided.

Thank you,

The UW Budget Office
