

WYOCLOUD PLANNING AND BUDGETING

Good Afternoon,

The Budget Office has been informed that payroll data will not be provided to their office until Friday, February 1st. The Budget Office staff will work to get the data loaded and to users by Monday, February 4th. We fully understand the value of each day during the budget process and will adjust the February 15th All Budgets due to the Budget Office deadline to **February 22nd** at the earliest to give users additional time to review and adjust position budgets. If you feel that you will not have adequate time to complete your unit's budget entry please notify the Budget Office.

The FY20 personnel budget will be modeled using the following approved rates:

Faculty	43.3%
Staff	56.1%
Part-time	3.9%

There is currently a proposal to add categories to the existing rates to better align budget to actual fringe costs in the future. These rates are also subject to change depending on a Federal Government review.

Thank you,

The UW Budget Office
