

WYOCLOUD PLANNING AND BUDGETING

Good Morning:

President Nichols has directed that we utilize the same exception request process this year. Attached is the exception request form for any additions to budgets.

An exception request is a net increase in funding for unrestricted operating exceeding spending authority allocated in FY19 at the subdivision level. No new faculty positions shall be requested through this process. Requests for additional staff positions will be entered in this form. No exception requests will be loaded into the FY20 budget until they are approved by President Nichols and the Board of Trustees.

Thank you,
The Budget Office
