

WYOCLOUD PLANNING AND BUDGETING

Good Afternoon,

There has been an issue with Wyocloud Planning and Budgeting saving data. The system is currently running 27 Position Planning rules to aggregate data and push the data to the Planning database. All current Position Planning rules will be canceled and rules to aggregate all UW data will be run.

You may get the following error when the rules are canceled:

All other rules will continue to run as normal.

Sorry for any inconvenience,
The Budget Office
