

### **WyoCloud HCM Spring Feedback Survey**

Now that the first couple of phases of WyoCloud Human Capital Management (HCM) has been live for a few months, we would like to check in on your thoughts on HCM through the [WyoCloud HCM Spring Feedback Survey](#). Through this survey, we would like to gain your feedback on general Human Resource processes and transactions, Recruitment, and Time and Absence.

As change has become a continuous process at the University of Wyoming, we are looking forward to implementing the final phase of HCM this summer. We appreciate you taking the time to complete this survey in order for us to assist campus users in this final transition phase.
