Procurement

New WyoCloud Terms

• Vendors = Suppliers
• Purchase Order = Requisition
• Requestor = UW employee who initiated the requisition

New Process to Order Goods and Services

• Current State: Ask your department’s accountant office to order office supplies
• Future State: Login to WyoCloud Procurement portal and place order yourself

New Units of Measure on Requisitions

• Current State: Use the unit measure ‘EA’ (each) and include the ordered quantity on a PO attachment
• Future State: Services will be entered by dollar amount and goods will be entered by quantity ordered
Accounts Payable

Payment Requests

• Current State: Paper form is mailed or walked to the Accounts Payable department
• Future State: Entered in WyoCloud directly by department.

Invoices

• Invoices for requisitions and purchase orders will be handled by the Accounts Payable Department.
Travel & Expense

New WyoCloud Terms

• Reimbursements = Expense Reports

Submitted Expense Reports and Cash Advances for Employees

• Current State: Fill out a paper form and email it for approval
• Future State: Enter in the WyoCloud system and the report is routed to the appropriate approver

WyoCloud Expense Mobile App

• Upload your receipts to your expense report using your phone’s camera
• Enter expenses on the go as you accumulate them
• Expedite expense report submission process
General Ledger and Budgetary Control

General Ledger

- New look with the new Chart of Accounts structure
- Drilldown to any level of detail to view balances and subledger transactions for your department

Budgetary Control

- WyoCloud will be the central location to track UW’s Budget and will allow the Budget Office to create and manage budgets at a granular level
- Current State: Managed manually in spreadsheets
- Future State: Managed in WyoCloud through an automated and controlled process with the ability to control on a segment-by-segment level
Project Portfolio Management (PPM)

- Projects will have budgetary control at the budget category level.
- Reports can be generated for use internally as management reports or for external reporting to federal agencies.

PPM Grants

- Complete financial tracking and reporting of Sponsored Research for UW.
- Awards (Grants) will be set up with one or multiple Projects associated to the award, similar to the numbering scheme used in InfoEd today. Separate projects will be set up for cost share components and grants with any program income.

PPM Capital Projects

- Allow UW Operations to better track Capital Project spending across budget categories.
Cutoff Items and Dates for the Finance System

Training Approach
Just In Time means end users will be trained close to the release of the replacement system.

Ex: Student Reporting training will begin within three weeks of go-live
Training Format

Online Training
- Access when it is convenient for you
- Reference point for end users to return and review

Open Labs
- Supplement to the online training
- Access to Subject Matter Experts for additional questions
Current Training Focus: Student Reporting

- Developing training courses
- Identifying training audiences
- Offering online training for basic navigation
- Training offered on an on-going basis after release
Change Agent Open Discussion
