  - We encourage you to work with the Change Champions to think of dates/times (and potentially pre-organized departmental meetings) that we can visit your areas for a Roadshow in the coming months.

- Be on the look-out for optional **Deep Dive Sessions** for Change Agents and Champions, which will be separate from these meetings and will cover WyoCloud changes in more detail.
  - **PPM Grants**
    - *Wednesday, March 29th in the Education Auditorium from 2:30 – 4:00 p.m.*

WyoCloud BI Student Reporting Has Gone Live!

WyoCloud BI Student Reporting Went Live on Monday, March 6th!
What does WyoCloud Business Intelligence Student Reporting mean to University of Wyoming?
Go-Live was covered at the Townhall hosted by Provost Kate Miller last Thursday, March 2\textsuperscript{nd}

- The Townhall was recorded through WyoCast— you can find the recording on the [WyoCloud website](#)

The reporting system has a new official brand:

Meet the Experts:

Procurement

Strategic Sourcing

- RFPs are being finalized for *computer hardware* and *office supplies*

Business Process Workflow Approvals

- New approvals are being added to the system based upon the type of item being procured (potentially hazardous materials, computers, grants, etc.)
- Approvals based on dollar thresholds
  - Up to 100k → Business Managers
  - 100 – 250k → Deans and AVP
  - 250k – 1 million → VP
  - Greater than 1 million → President
Departmental Delegation Option for Expense Reports

- Departments will have the option to allow individuals, such as faculty, to delegate expense reports to departmental staff
What does POET mean and how is this information used in WyoCloud?

**P**
- Project ID that’s being charged
- One award can have multiple projects associated to it
- Project information houses attributes that the Fund Source, Expense Class, and Fund Class COA segments

**O**
- Project-owning organization/department
- Maps to the COA organization segment

**E**
- Classification of expenditure
- Maps to the natural account segment in the Chart of Accounts

**T**
- UW grants will generally only have one task
When you need to make an invoice for one of your awards, you need to know the POET information so the award is charged correctly.
An Interdepartmental Request (IDR) will now be called an Interdepartmental Transfer (IDT). This process is changing significantly with WyoCloud and the project team will begin to communicate the changes soon.

Current State

Future State
Finalized segment values will be sent out soon for you to begin familiarizing yourself with.

- You may notice less detail in the expense accounts in the general ledger, but detail will be available through drilling through to subledgers.

- Training for the Chart of Accounts is being developed and will be piloted on this group first.
Responsibility shifting from Old Main and Accounting to fiscal managers utilizing the new system’s financial reporting to make better and more informed decisions.

REDUCTION of Paperwork: No More Form 200

One of the benefits of the new UW Accounting system will be the elimination of the Foundation Form 200. Form 200 is used for Foundation Account to University Account transfers. Instead there has been an implementation of automatic transfers similar to scholarship transfers. This change is because the Foundation will be able to get the information currently required on Form 200 through the new system.

As of February all gift accounts with a negative UW balance and sufficient expendable funds held at the Foundation will be automatically transferred. There may still be occasions when we need additional information, if so we will reach out to you on an individual basis. If you have any questions please call Mary Ann Garman at 766-3939 or email at mag@uwyo.edu.
