Parker, CO

Major:

Animal and

Veterinary

Sciences

Pre-Vet Option

Expected

Graduation Date:

Spring 2019

Worked at the lab  
for 4 months

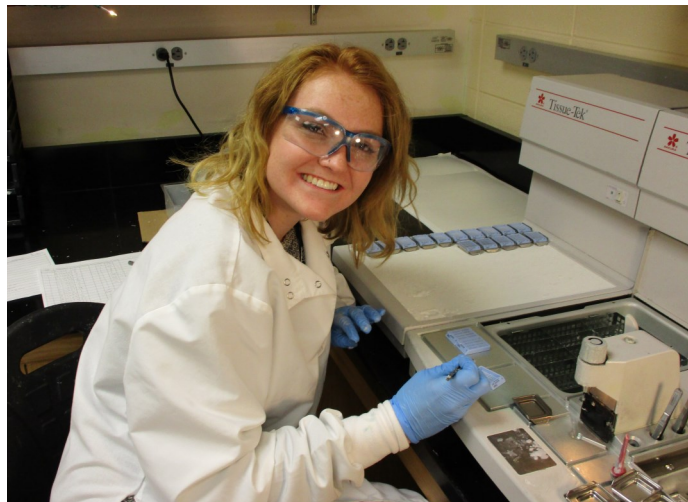

Works in:

Histopathology

# *WSVL Featured Student of the Month*

## *December 2017*

### Regan Dorman

**What you like about working at the lab?**

Seeing everyone's smiling faces when I walk in in the morning and making the blocks perfectly trimmed for Rebecca!

**Hobbies/something we don't know:**

I love to be on the ranch more than anything on the planet and I also love to wake surf over the summers. I also love cows more than people.

**Future Plans:**

I plan to be a ranch vet somewhere in Wyoming or Colorado and have all the cows a person could want!
