

WSVL Results Access

Click on Client Results Access to bring up the login screen, as shown below. This web site is best viewed with Google Chrome as other web browsers do not consistently support the necessary file types.

The 'Clinic ID' is your WSVL Account Number, which can be located on your reports, invoices and statements. The 'Password' field remains unchanged from the previous results access link. Please contact the lab if you have any questions about this web site or if you need to confirm your password.

Once logged in, users will have the following options:

Option	Description
Electronic Requisition	
Specific Case Lookup	← Search by full case/accession number, with or without the dash.
Search for Results	← Search by date range, owner, animal name/case ID or veterinarian.
Recent Updates	← Search by how recently a case has been updated, owner, animal/case ID or vet.
Billing Information / Statement	← Access your account billing, customizable by date range.
Update Profile	← Change your password and manage your email account(s), if used as your default mode of communication.
About Us	
Log Out	

If you notice an incorrect name listed under Veterinarian, or that a name is missing, please contact the lab to update this information.

Once a case search has been performed, users will click on the blue 'report' link for the appropriate Case#, displayed without the dash. This screen also provides the date and time a report was last updated.

WSVL WYOMING STATE VETERINARY LABORATORY

From Date: 2017-10-14
To Date: 2018-11-14
Owner:
Patient (Case) ID:
Veterinarian: Vet

Submit

Case #	Report	Email	Case Date	Last Update	Referring Vet	Referring Clinic	Owner	Case ID	Species
15ATC	report		2018-01-05	2018-11-07 @ 13:35:15	Advanced Technology	Advanced Technology	Fred smith	doggieeee	Canine

Click here to access report.

When searching, please keep in mind that the owner's name, animal's name/case ID and/or the veterinarian's name may not have been provided on the submission form. In the case of the owner's or animal's name, the name may be incomplete or may have been misspelled. If searches do not yield expected results, users will want to modify the search criteria to accommodate any of the listed issues.

Users are no longer able to view itemized charges for cases. When a case has been finalized and invoiced, the total charge will be accessible using the Billing Information/Statement search. This search will also display other account charges, such as UPS Inbound Charges, and credits, such as adjustments and payments.
