PRESENTATION DESCRIPTION
Based on our global research, Dale Carnegie has uncovered three actionable drivers for workplace experience innovation. Each one relates back to the experience employees have in the workplace with your culture, how people think about their growth and potential, and when and where employees do your organization’s work. We call it Experience Innovation: a framework for categorizing and evaluating your employee’s experience.

- Gain clarity on your company’s biggest obstacles to workplace experience innovation
- Discover best practices for engaging employees and learn three trending approaches to workplace experience innovation
- Engage your workforce by providing them with the environment they need to thrive
- Create an action plan to enable a new level of workplace experience innovation in your organization
