**Key Steps in Building a Successful Concrete Project**

**Speakers**

**Jamie Johnson** is a Pavement Engineer for the Colorado/Wyoming Chapter of the American Concrete Pavement Association (ACPA).

**Angela Folkestad** is the Executive Director of the Colorado/Wyoming Chapter of the American Concrete Pavement Association (ACPA).

**Don Clem, P.E.** is the Vice President for the National Ready Mixed Concrete Association (NRMCA), responsible for implementing strategies that improve the use of ready mixed concrete in pavements for parking lots, streets and local roads, and other applications. He is responsible for the Rocky Mountain Northwest region. Clem has over 25 years of experience in the cement and concrete industry.

**Dave Figurski, P.E.** is a technical service engineer with LafargeHolcim and registered engineer in the state of Colorado. He was previously employed by Rocky Mountain Prestress as a structural engineer, production supervisor, quality control manager and plant manager, and as a quality control manager for Brannan Ready Mix in Denver. Dave joined LafargeHolcim in October of 2017.

**Who Should Attend?**

This workshop should be attended by city and county engineers, consultants, WYDOT personnel, street maintenance supervisors, construction technicians, maintenance crew leaders, and street maintenance workers.

---
