BARN QUILT ART

Abby Perry

*College of Business
110 & 111*

This class will explore a brief history of Barn Quilts in the U.S., with the majority of the class being devoted to making a 2' x 2' barn quilt. Participants will learn how to convert simple barn quilts into squares, rectangles, and triangles, and then transpose those shapes onto their plywood square. Students will get practice using t-square and rulers, and will then be able to choose a paint pallet for their quilt. Depending on available time, the 'quilt' will need to be painted at home.

10:00 A.M.-11:30 P.M.

ROBOT RACES, INNOVATION WYRKSHOP

Innovation Wyrkshop

*Engineering Education &
Research Building 127*

Robot Races: Gear up for an electrifying challenge with Robot Races! Using Ozobots, students will program their way through colorful mazes, vying to outmaneuver their rivals and reach the finish line first. With each bot coded to follow a unique color path, strategy and speed are key to victory in this thrilling robotics showdown!
