

Guide to Wyoming 4-H State Shoot

The Wyoming 4-H State Shoot is held in Douglas, Wyoming on the State Fairgrounds and at shooting ranges four miles south of Douglas. The event is typically held the second weekend in July.

All range officers and those helping at each range are Wyoming 4-H volunteers. This event would not be possible without their dedication and time – be sure to thank them. They can also answer questions you may have.

Purpose

- Provide participants with a supervised shooting experience emphasizing shooting skills and firearms safety.
- Provide recognition for high scoring individuals and county team members.
- Provide involvement of leaders and parents for supervision and range instructors.
- Provide opportunities for learning and fun in shooting sports and natural resources.

Eligibility

Anyone enrolled in the Wyoming 4-H program can compete at State Shoot. Eligibility for individual youth is determined by the local county program. Contestants must have demonstrated knowledge and understanding of the range commands and safe handling of the associated shooting equipment for each discipline in which they shoot. This is verified on the county registration form by a **required** signature from the local 4-H educator or their designated county key shooting sports leader. (Examples of demonstrating knowledge and understanding may include, but are not limited to, participation in: county shoot, district shoot, club shoot, scheduled 4-H club practices, state shoot, national shooting sports invitational, and postal match events.)

Teams are determined by the local county program.

Event rules, regulations, and safety requirements are located on the State 4-H web site. It is each contestant's responsibility to understand these prior to the event.

- Chaperones will enforce quiet hours among all delegations after lights out.

Schedules

A general schedule of events is posted online for your convenience. This will give you an overview of when ranges open and close as well as when activities take place.

Schedules will be emailed to local extension offices and posted on the State 4-H web site as soon as it's feasible to do so.

A strong effort is made to create a schedule for each range that allows the most flexibility for each participant and county delegation.

- As you look at the schedules, it's helpful to note the following:
 - Times listed for Shotgun, Muzzleloader, and Archery cannot be changed and need to take priority over shooting at other ranges.
 - The Air Rifle, Air Pistol, and .22 Pistol ranges are open at all times. The lines will be filled on a first-come, first-served basis.
 - For the remaining ranges:
 - Large county delegations are split and listed more than once. It is beneficial for the county to create a rough plan as to who will go at what time to ensure there is enough room on each line.
 - Counties listed have priority on the line. Any open spaces are filled with those who have checked-in and are waiting to shoot. These spots are filled on a first-come, first-served basis.
- *If a youth is shooting in several disciplines, it may not be possible for them to get everything done in one day.*
- Look at the schedules before you get to Douglas and make a plan.
