

# ADVANCED ENERGY TECHNOLOGIES

Legal and Environmental Considerations for Small Modular Reactors

June 2, 2021

Webinar | 11:00 AM - 12:30 PM MDT

## Moderator

**Tara Righetti, Esq.** is a Professor of Law at the University of Wyoming College of Law and School of Energy Resources. A Fulbright Scholar, Righetti is an expert in legal issues related to split estates, subsurface trespass, energy transition, and carbon capture and sequestration.

## Panelists

**Dr. Todd Allen** is a Professor at the University of Michigan and a Senior Fellow at Third Way, a DC base Think Tank, supporting their Clean Energy Portfolio. He is a Nuclear Engineer and has worked as an officer in the United States Navy Nuclear Power Program.

**Aaron Weston, Esq.** is a researcher at the Idaho National Laboratory and currently serves as the leader for nuclear safeguards, security, and nonproliferation strategies within the Nuclear Science & Technology directorate where he is lead on safeguards and security considerations for advanced reactor deployments.

**John Kotek** is Senior Vice President for Policy and Public Affairs at the Nuclear Energy Institute. Prior to joining NEI, he served as Acting Assistant Secretary for Nuclear Energy in the US Department of Energy. From 2010-2012, John served as Staff Director to the Blue Ribbon Commission on America's Nuclear Future.

**Temple Stoellinger, Esq.** is a Professor of Law at the University of Wyoming Haub School of Environment and Natural Resources and College of Law. Stoellinger has served as the natural resource attorney for the Wyoming County Commissioners Association as well as a natural resource analyst and advisor to the Wyoming Governor's Office.
