UNIVERSITY OF WYOMING
MASTER LIST OF DEGREES AND MAJORS
as authorized by the Trustees
May 2024
Prepared by the Office of Academic Affairs

• The degree title is listed in *bold italics* (for example, *Bachelor of Arts, Bachelor of Science in Chemical Engineering*). The list of majors for a specific degree in a specific college is listed below the degree title. Information in *italics* and parentheses ( ) following a major is explanatory data, and not part of the official major name. Majors with brackets {} require the insertion of a secondary program of study.

• Unless an additional delivery method is notated in parentheses ( ), programs are available through in-person instruction. When a delivery method is listed, the program is available through in-person instruction as well as the listed method. Programs available 100% Online may also be completed through Hybrid delivery.

• Degree concentrations are only listed where concentrations have different delivery modes.

• Joint programs are not included on the master list as separate degrees.

• **Proposed new Degrees and Certificates have been highlighted in green.** [Programs in red are listed as Inactive Admission Status.** Their status will be determined at a later date, once departments are merged and curriculum is changed. Degrees and Certificates proposed to be deleted from previous Master Lists are highlighted in yellow and crossed out. The proposed deletions are programs that were duplicated in other departments or that UW has simply ceased to offer over time and all eliminated programs have gone through the process as outlined in the University regulations for eliminating programs. As such, the Master List of Degrees and Majors has been corrected to reflect current offerings.**
