<b>TOTAL LCCC AS DEGREE HOURS</b>						<b><u>61</u></b>	

Successful completion of the 2+2 plan requires that a student remain continuously enrolled and graduate with the associate's degree from his or her respective community college. • If an associate's degree includes transfer credit from another institution, those external credits may not have equivalencies at the University of Wyoming (UW) and can impact the nature of the 2+2 plan. Please consult with an academic advisor. • Be aware that different academic institutions have different grading policies that can impact the transfer of courses. Please consult with an academic advisor. • This is a guide for course work in the major; actual course sequence may vary by student. Please refer to the online student degree evaluation. • Not all courses are offered every semester and some electives may have prerequisites. Students should review the course descriptions in the catalogs of their respective institutions and consult with their academic advisor to plan accordingly. • Academic plans and course schedules may need to be altered if ACT or Math Placement scores require a student to take pre-college courses (e.g., MATH 0900, 0921, or 0925) before taking required math or English courses.

#### Laramie County Community College requirements:

In order to graduate, students must successfully complete a minimum of 60 credit hours, 15 of which must be from Laramie County Community College, with a grade point average of 2.0 or better at course level of 1000 or higher (ENGL 1001 does not apply).

#### University of Wyoming requirements:

Students must have a minimum cumulative GPA of 2.0 to graduate. • Students must complete 42 hours of upper division (3000-level or above) coursework, 30 of which must be from UW. • Courses must be taken for a letter grade unless offered only for S/U.
