**Major XXX Program Notes:**

- A minimum of 120 hours is required.
  - A minimum of 42 hours must be upper division (3000 & 4000 level).
- cannot meet any other requirement for the major. Electives should be selected to satisfy the 42 hour upper division requirement.
- Degree Candidates must meet the academic requirements of the university, and must have a minimum GPA of 2.0 in all courses required for the major. • Grades of C or better are required for all prerequisite courses.
  - The UW curriculum in Rangeland Ecology and Watershed Management fully meets the Office of Personnel Management (OPM) requirements for Rangeland Management Specialist. With appropriate course selection within the elective hours, students can also meet OPM requirements for additional professional work, such as soil conservationist or hydrologist.

- Resource Management elective - Choose one course from the following:

3150 Survey of Remote Sensing Applications

Remote Sensing of the Environment

Introduction to Geographic Information Systems

Remote Sensing of Agricultural Management

BOT

BOT 4111

GEOG 4200

REWM 4130 Applied

- Students may not take a course for S/U credit to satisfy any requirement, unless the course is offered for S/U credit only.

The University of Wyoming Office of the Registrar provides final approval of degree completion requirements prior to the awarding of any degree.
