

# Agriculture & Natural Resources – Undeclared

## University of Wyoming, 2015-16

At the University of Wyoming, it is impossible to earn an "undeclared" degree. The "undeclared" classification is temporary in nature and is designed to allow students to consider and explore different majors and career paths. For maximum success and efficiency, students are advised to declare and concentrate on a major discipline as soon as possible. Therefore, this plan establishes a pathway for only one year. Please contact 307-766-4135 with any questions about being undeclared in the College of Agriculture and Natural Resources.
