

University of Wyoming Sample Four-Year Degree Plan  
Catalog Year: 2018-19

## Organizational Leadership, BAS

This sample degree plan is a guide, to be used for planning in consultation with your academic advisor. Actual course sequence may vary by student. A ▲ symbol identifies courses that must be taken and passed during the suggested semester in order for a student to stay on track toward completing the degree program within two years.

### Entry Requirements

- The Bachelor of Applied Science (BAS) program in Organizational Leadership is a distance-only degree program. It is designed for individuals with a minimum of two years work experience and an existing Associate of Applied Science (AAS), Associate of Arts (AA), Associate of Science (AS), or Associate of Business (AB) from a Wyoming community college or an equivalent degree from another accredited institution. All students, therefore, are transfer students and should apply to the program as such. Current UW students must formally apply; they may not simply fill out a 'Change of Major' form and enter the program.
- Students with an Associate of Applied Science (AAS) degree from a Wyoming community college will normally matriculate with 15-20 hours of credit that count toward UW's University Studies Program (USP) requirements. If not all USP requirements have been met, the remainder will be required as part of a UW student's coursework, in addition to the Professional Concentration or electives coursework. This may mean that it will take longer to complete the BAS than a student holding the AA, AS, or AB degree. Please go to [uwyo.edu/unst/usp2015/](http://uwyo.edu/unst/usp2015/) for more information about UW's USP requirements.
- These are the steps for application:
  1. Apply to the University of Wyoming through Admissions, declaring the Bachelor of Applied Science in Organizational Leadership as the major. Be sure to apply as a transfer student.
  2. Have official transcripts from all institutions sent to Admissions.

This sample degree plan is a guide for course work in the major. • Course sequencing may need to be altered if ACT or Math Placement scores require a student to take pre-college courses before taking required math or English courses. • Not all courses are offered every semester and some electives may have prerequisites. Students should review course descriptions in the *University Catalog* and consult with their academic advisor to plan accordingly.

#### University of Wyoming requirements:

Students must have a minimum cumulative GPA of 2.0 to graduate. • Students must complete 42 hours of upper division (3000-level or above) coursework, 30 of which must be from the University of Wyoming. • Courses must be taken for a letter grade unless offered only for S/U. • University Studies Program (USP) Human Culture (H) and Physical & Natural World (PN) courses must be taken outside of the major subject, but can be cross-listed with the major.

#### BAS Program notes:

Students in the BAS program must earn a C in all courses on the BAS checklist ([uwyo.edu/basa/](http://uwyo.edu/basa/)). Failure to do so will require repeating the course. Per UW Regulations, students may only attempt a course three times; a grade of F or W count as attempts.
