

Center for Blockchain and Digital Innovation

BITCOIN MINING INITIATIVE

The Center for Blockchain and Digital Innovation (CBDI) is an interdisciplinary center focused on emerging technologies to foster innovation, economic development, and education. The CBDI's new Bitcoin mining initiative aims to harness cutting-edge research and educational opportunities to position Wyoming as a leader in the industry.

Research & Development

To conduct cutting-edge research that enhances the efficiency, sustainability, and profitability of Bitcoin mining while establishing Wyoming as a business destination.

- Wyoming specific infrastructure and feasibility research
- Energy efficiency and economic analysis in Bitcoin mining
- Blockchain education and workforce development analysis
- Explore new business models and product development within the Bitcoin mining ecosystem

Education Programs

To develop comprehensive educational programs that prepare students for careers in blockchain technology and Bitcoin mining, addressing the industry's need for skilled professionals and facilitating post education job placement.

- Hands-on training programs
- Entrepreneurship and innovation in mining
- Engage the community through workshops and information sessions
- Economic analysis and market Dynamics
- Regulatory and legal framework knowledge
- Bitcoin mining certification programs

Legislative Advocacy

To work closely with both state and federal policymakers to shape legislation that supports the growth and sustainability of the Bitcoin mining industry, ensuring a favorable regulatory environment.

- Address legislation limiting Wyoming's competitiveness in the Bitcoin mining space
- Establish clear regulatory guidelines
- Promote renewable energy incentives
- Facilitate economic development initiatives
- Support policies to encourage decentralization
- Create legal frameworks for mining operations and pools

Industry Nexus

To establish the CBDI as a central nexus for stakeholders in the Bitcoin mining industry, facilitating collaboration, innovation, and growth within Wyoming and beyond.

- Create a bitcoin mining innovation cluster
- Host industry conferences and events
- Leverage Wyoming's energy resources
- Establish public-private partnerships
- Establish Wyoming as a preferable destination for bitcoin mining

*MINE A BETTER FUTURE
IN WYOMING!*
