-If you have free/reduced lunch or are a member of GearUp, talk to your counselor to you may be eligible for a fee waiver.
 -If you encounter complications with your application fee, the following are some suggestions that may resolve your issue.

- **How many times have you attempted to make the payment?**
 Most companies will lock your card after 3 or more failed attempts to protect it from fraud. If you have attempted to pay 3 or more times, then you would need to call your bank/credit union/credit card company to see if your card is locked, and if so, to unlock it.
- **What browser are you using?**
 I highly recommend avoiding Microsoft Edge, but Internet Explorer, FireFox, Safari, and Chrome work well with this system.
- **Do you know how your address is displayed on your card statement?**
 Be sure your address matches **exactly** the address in which your credit/debit card statements are mailed to. If Avenue is spelled **all the way out** on your statements you receive from your card company/bank/credit union, then you will need to spell it out on this form as well. The system will not recognize it if it is not **identical**.

- **Take your time.**
It's easy to rush through, especially if you've already entered the information once. It's human nature to get a little frustrated with repetition some times. Double check the card number, security code, and expiration date before submitting. It's easy to accidentally transpose numbers, it happens to the best of us.
- **Which account number did you enter?**
It asks for the "Account Number" which refers to your credit/debit card number. Some of our other applicants have tried to enter their bank account number and had problems.
- **Did you enter in the phone number fields?**
I encourage you to leave the phone number fields null. They are not required.

If none of the above suggestions are helping, please call our Cashier's Office at 307-766-2313 and let them know you have had trouble paying the application fee online and would like to pay it over the phone.
