The University of Wyoming, established in 1886 and still the only 4-year university in Wyoming, is a land-grant institution where innovative research and the pursuit of academic excellence take place within a safe, close-knit community. Just like the state of Wyoming, UW is both big and small. Wyoming, known worldwide for its beauty, is full of wide-open spaces and magnificent mountain ranges. UW echoes these spaces in the scope of its innovation, its energetic ambition to better the global community, and its world-class facilities.
Laramie’s downtown hosts annual community events, including Laramie Jubilee Days. Downtown is also the scene for a thriving farmers’ market during the summer and fall months and has many delicious restaurants, coffee shops and hangouts where you can gather to study or just relax with friends.

Living on campus is convenient, fun and community focused. Incoming freshmen are required to live in the residence halls their first year. Dining at the Washakie Center includes a multitude of choices and is conveniently open 7 days a week. uwyo.edu/reslife-dining
Our Outdoor Playground
