Established in 1886, the University of Wyoming is the only public 4-year university in the state of Wyoming. UW is a land-grant institution where innovative research and the pursuit of academic excellence take place within a welcoming, close-knit community. Known worldwide for its beauty, Wyoming is full of wide-open spaces and magnificent mountain ranges. UW combines intellectual rigor with a spirit of adventure and exploration giving students innovation and energetic ambition to better the global community.
Laramie’s downtown hosts annual community events, including Laramie Jubilee Days. Downtown is also the scene for a thriving farmers’ market during the summer and fall months and has many delicious restaurants, coffee shops and hangouts where you can gather to study or just relax with friends.

Living on campus is convenient, fun and community focused. Incoming freshmen are required to live in the residence halls their first year. Dining at the Washakie Center includes a multitude of choices and is conveniently open 7 days a week.
