FARM & RANCH MGMT OPTION

NOTES FOR ADVISORS

- 1 Transfer students who earn an AA, AS or AB are waived from all USP requirements except COM3, V, and departmental reqs (MATH 1400 & 2350). FYS is waived for transfer students with 30 or more credits earned after HS, or 1 full year completed at another college (but less than 30 credits completed). COM3 automatically fulfills old I, L reqs.
- 2 Must earn a C or better.
- 3 Or equivalent course.
- 4 A transfer student may fulfill COM2 with an intermediate composition course and a public speaking course.
- 5 PN & H may not be fulfilled by AGEC courses or any course cross-listed with AGEC. For the H requirement, language courses are strongly encouraged (e.g., SPAN 1010, FREN 1010, etc.)
- 6 18 hours of upper-division, not including AGEC 4965 or 4970.
- 7 Suggest COSC 1200 for most, or AGRI 1010 (for inexperienced users), or IMGT 2400 (for advanced users).
- 8 A minimum of 48 credits must be at the 3000 and 4000 level for graduation. At least 30 of the 48 credits must be earned from UW.
