Former UWAA Board Member:**

Pat Goodson

How many years did you work for the UWAA or were on the board?

**Former UWAA Board Member,
1989-1993**

Degree(s) received from UW:

B.S. Biological Science 1971

What did you enjoy about being on the UWAA Board of Directors?

The people I worked with, the UWAA staff, and seeing the changes that took place at UW. I was also able to introduce my children to the college (their God Parents were both Professors) and set them up to be future UW students.

What did you enjoy about working with the UWAA?

I was proud of the work we did on scholarships for students, and getting the new Alumni House.

What is your favorite board memory or favorite UWAA memory?

Seeing the people I was on the board with at UW events, and the connections I made with board members.

What advice would you give your younger self?

I never really became a student until I was hired for dorm staff, somehow having that responsibility transferred to a focus of wanting to graduate and get on with my life. I guess I should have found that focus sooner
