## Conditions of Reproduction

Scope of License: UWAM grants the Licensee permission to reproduce the image solely for one use in the particular edition, language and medium specified. This permission is limited, non-exclusive and non-transferable.

1. Scope of License: UWAM grants Licensee permission to reproduce the Image solely for one use in the particular edition, language and medium specified. This permission is limited, non-exclusive and non-transferable. The Image for which permission is granted may appear only once and only as an editorial element within the edition; separate permission for the image to appear in any other position (e.g., cover; frontispiece; title page; end page; chapter page; etc.), must be obtained in advance in writing by UWAM. Separate permission to use the Image in subsequent or revised editions or in different language versions or different media also must be obtained in advance in writing by UWAM.
2. Technical Requirements: Reproduction must be made solely from the Images provided to Licensee by UWAM in the form of a color-corrected transparency or curatorial approved black-and-white photograph. The reproduction must be full-color or full-tone black-and-white, as applicable, and reproduced in its entirety in accordance with the Image provided. No cropping, bleeding, alteration, modification, inversion, rotation, superimposition or overprinting of the image may be made of any kind. For digital reproduction of the Image if permitted separately in writing by UWAM (i.e., for reproduction on an organization's website), the resolution shall be a minimum of 72 pixels per inch (PPI), and the image shall appear in full so that the image is not cropped by the edges of the display as it appears on a monitor or otherwise. Digital reproductions of color images shall be at a minimum of 16-bit color and a maximum of 24-bit color. 8-bit color digital reproductions are acceptable for grayscale images (black-and-white) only. For all digital reproductions of the image, the medium shall contain such encryption and other security features as are then standard in the museum industry for such medium for the prevention of unauthorized reproduction, distribution or use of the Image. The printed reproduction of a digital image provided by UWAM for print in a publication must be at a resolution of at least 300dpi.
3. Attribution: Full identification of the Artwork in the Image must appear either directly under the reproduction, on the page facing, on the reverse, in a list of illustrations, and/or in an appendix. Such identification shall include: the artist's name, title of the Artwork, date, medium, dimensions, the credit line as specified by UWAM, and the copyright notice if and as specified by UWAM. Such identification must appear exactly as specified without any abbreviation, omissions or use of acronyms.
4. Review: Prior to publication, UWAM requires Licensee to provide UWAM with samples of the Images as they are to appear in the Project and retains the right to pre-approve such sample Images for quality and adherence to the terms and conditions of the

Agreement. Licensee shall not use the Images until the samples have been so approved by UWAM.

5. Fees: Please make checks payable to the University of Wyoming Art Museum. Reproductions will be provided following UWAM's receipt of the executed License Agreement and full payment of required fees.
6. Disclaimer: UWAM makes no representations or warranties of any kind with respect to the Image or the Artwork, and specifically disclaims any and all implied warranties of conditions of title, merchantability, satisfactory quality and fitness for a particular purpose. Without limiting the above, UWAM disclaims any warranty with respect to copyright trademark rights of publicity or privacy, or any intellectual property right that may be embodied in the Artwork, or any warranty that the rights granted herein are sufficient for Licensee's purposes. Licensee acknowledges that Licensee bears the sole obligation to acquire such rights.
7. Limitation of liability: UWAM shall not be held liable to Licensee for any damages direct or indirect, including without limitation special, consequential, or Incidental damages arising out of this agreement whether based on warranty, contract, tort (including negligence or strict liability) or otherwise.
8. Complimentary Copy: Licensee shall provide UWAM with two (2) copies, free of charge of the edition containing the Image upon publication of such edition.
9. Miscellaneous: This Agreement expresses the complete understanding of the parties with respect to the subject matter hereof and supersedes any and all prior communications and agreements, written or oral. All rights not expressly granted herein are reserved by UWAM. This Agreement may not be modified or amended except by a writing duly executed by both parties. The respective rights and obligations of the parties hereunder shall indefinitely survive the termination of this Agreement to the extent necessary to the intended preservation of such rights and obligations.

#### **INDEMNITY**

Subject to any pre-existing third-party rights to, and to the extent of UWAM's own intellectual property rights in the Artwork, UWAM hereby grants a limited non-exclusive license to reproduce as set forth herein. Some Artwork may be protected by intellectual property rights not owned by UWAM. It is the Licensee's sole responsibility to ascertain whether such rights exist and for obtaining all other necessary permissions. UWAM reserves the right to request copies of such permissions from Licensee.

Licensee agrees to hold harmless, defend and indemnify UWAM, its trustees, officers, employees and agents ("indemnities") from and against any and all liabilities, losses, damages, settlements, claims, actions, suits, penalties, fines, costs and/or expenses (including, without limitation, reasonable attorneys' fees and expert witness fees) incurred by any indemnities, relating to, arising from or occurring as a result of the failure by Licensee to secure such permissions.

Licensee is fully responsible for obtaining any and all intellectual property rights licenses and/or other permissions legally required for use and reproduction of the Images and Artwork.
