

SENATE RESOLUTION #2419

TITLE: ASUW Support for Prexy's Pasture Sidewalk Installation

DATE: February 27, 2014

AUTHORS: Senators Haukaas and Yang

SPONSORS: Senators Messer, Scherlin, Tracy, Gross, and Andersen; SAL Hernandez

1. WHEREAS, the Student Senate of the Associated Students of the University of Wyoming
2. (ASUW) serves to represent and to advocate for the student voice; and,
3. WHEREAS, the ASUW should promote student health and safety; and,
4. WHEREAS, Prexy's Pasture is the center of pedestrian traffic on campus; and,
5. WHEREAS, the Americans with Disabilities Act (ADA) states that "[e]ach facility or part of
6. a facility constructed by, on behalf of, or for the use of a public entity shall be designed and
7. constructed in such manner that the facility or part of the facility is readily accessible to and
8. usable by individuals with disabilities"; and,
9. WHEREAS, the most direct and convenient path to the handicap accessible entrance of the
10. Engineering building and the route to the Anthropology building from the center of Prexy's
11. Pasture is currently an unpaved footpath; and,
12. WHEREAS, only paved sidewalks are plowed during the winter and this poses a hazard
13. for pedestrians who continue to use the unpaved footpath; and,
14. WHEREAS, Prexy's Pasture was originally designed based on the paths students and faculty
15. usually traveled and the unpaved footpath is clearly frequented by pedestrians; and,
16. WHEREAS, an aerial view of Prexy's Pasture is often used in promotional materials for the
17. University of Wyoming (UW) and the unpaved footpath is a blemish on an otherwise

18. beautiful campus; and,
19. WHEREAS, the paved sidewalks on Prexy's Pasture are intended to be symmetric and the
20. unpaved footpath disrupts the symmetry; and,
21. WHEREAS, an estimate has been received from the UW Physical Plant that the construction
22. will cost approximately \$19,000 as shown in Addendum A; and,
23. WHEREAS, the estimate as shown in Addendum A would be roughly double for the
24. symmetrical pathway to be constructed as well.
25. THEREFORE, be it resolved by the Student Senate of the Associated Students of the
26. University Wyoming (ASUW) that the ASUW supports the construction of a sidewalk in the
27. location of the unpaved footpath and a symmetrical counterpart; and,
28. THEREFORE, be it further enacted that the ASUW is committed to working with UW
29. administrators to find the most feasible avenue to fund this construction.

Referred to: Academics, Technology, and Sustainability Committee

Date of Passage: 03/11/2014 Signed: Kia N. Munslock
(ASUW Chairperson)

"Being enacted on 3/14/2014, I do hereby sign my name hereto and

Approve this Senate action." Brett Kallen
ASUW President

Re: Side walk for Prexy's

Thank you for the opportunity to provide Physical Plant services for your project. As requested, an estimate for the project "Side walk for Prexy's" has been prepared based on the scope as indicated below.

The project scope for this estimate *includes*:

- 180' X 6' X 6" concrete sidewalk from the center of Prexy's to Ag.
- Sod removal, repairs to irrigation system, and compacted base below concrete.

This estimate *excludes*:

- Any other sidewalks or concrete repairs.

Please note that final approval of this project may require UW Board of Trustees and Wyoming State Legislature approval- due to 1971 legislation restricting construction on Prexy's Pasture. This review and approval may lengthen the design and bidding period by up to one year.

Attached is a Request for Estimate (RFE) form for this project. Please review the scope indicated above and the estimate amount on the attached RFE and complete Part III of the RFE to authorize the project. The form is to be signed by a person authorized to commit departmental funds. Work on this project will be scheduled after receipt of the signed RFE.

The estimate provided is a not to exceed price. Only the actual project cost will be billed. Any changes to project scope as stated above must be identified, estimated, and then approved by the person who signed the RFE. Should any unforeseen conditions arise during the execution of the project, you will be notified of the issue, provided with an estimate of costs associated with these unforeseen conditions and the project budget will be adjusted accordingly.

If you have any questions or concerns please contact me.

Respectfully,

Charlie Jahner
