Passed 21-0-0

SENATE RESOLUTION #3116

TITLE:	**FY28 ASUW Student Fee Recommendation**
DATE INTRODUCED:	**11/02/2026**
AUTHOR:	**Senator Hansen**
SPONSORS:	**Senator Robinson, Tuition Allocation and Student Fee Review Committee**

1. WHEREAS, the purpose of the Associated Students of the University of Wyoming
2. (ASUW) is to serve our fellow students in the best manner possible; and,
3. WHEREAS, during every fall semester the Tuition Allocation and Student Fee Review
4. Committee (TASFRC) is charged with reviewing and delivering recommendations on
5. mandatory, program, business enterprise, and other fees assessed to students at the
6. University of Wyoming for the next fiscal year (FY) as stated in the ASUW By-Laws
7. Article 2, Section 2.02, Subsection 10, Paragraph I, Subparagraph A, Clause 1; and,
8. WHEREAS, the recommendation is to represent students' best interest in a fair and
9. honest manner as it is to be presented to the Central Fee Committee and the University
10. of Wyoming Board of Trustees; and,
11. WHEREAS, the TASFRC recommended fee values for FY28 are reflected in
12. addenda A, B, C, D, and E; and,
13. WHEREAS, the justifications by TASFRC for each fee recommendation are written
14. in addenda F, G, H, I, and J.
15. THEREFORE, be it resolved by the Associated Students of the University of Wyoming
16. (ASUW) Student Government that the FY28 Fee Recommendation be sent to all
17. presenting fee units referenced in the following addendums, the Central Fee Committee,

Passed 21-0-0

18. and the University of Wyoming Board of Trustees upon passage of this legislation.

Referred to: ASC, BNP, TASFRC, & Steering

Date of Passage: 11/10/2026 **Signed:** _____

(ASUW Chairperson)

"Being enacted on 11/10/2026**, I do hereby sign my name hereto and approve this Senate action."** _____

ASUW President

Addendum F
Mandatory Fee Justifications

ASUW: TASFRC recommends a 4% increase to the ASUW mandatory fee for FY28. The committee believes that this increase is fair. This fee increase will allow projects, events, and initiatives that benefit students to continue, provide additional funding for the Student Organization Funding Board, and fund student salary increases.

Consolidated Student Services: TASFRC recommends the approval of the 4% index increase to the Consolidated Student Services Mandatory Fee. The committee believes this fee helps to provide students with necessary resources and enhances student experience on campus. The committee recommends that the unit reassess the percentage of student fee-generated revenue provided to the various entities this fee supports. The committee would also encourage a larger percentage of funding to be given to units and entities in the Wyoming Student Union that directly impact student well-being, food security, and violence prevention.

Intercollegiate Athletics: TASFRC recommends the approval of the 4% index increase to the Intercollegiate Athletics Mandatory Fee for FY28. The committee justifies this action due to the number of services for students this department supplies. It recognizes the importance of athletics to current students, campus culture, recruitment of new students, and the state of Wyoming. The committee also acknowledges the rising costs of the Athletics Department and the need to cover them.

Music and Theater: TASFRC recommends the approval of the 0% increase in the Music and Theater Mandatory Fee for FY28.

Recycling: TASFRC recommends the approval of the 13.64% increase of $1.38 to the Recycling Mandatory fee for FY28. The committee believes the increase in the fee is necessary due to the increase in operating costs, the need for salary raises, and the need to fund investments in machinery and capital.

Student Media: TASFRC recommends decreasing the Student Media mandatory fee by 15%, or $2.91, for FY28. The committee acknowledges the work Student Media does for the community and the opportunities it provides for students. This recommendation is not intended to diminish the work or content produced by Student Media. The committee does not want to hinder that work, but it believes the accumulated carryover amount, maintained at over $200,000 for multiple years, should be spent, as it consists of accumulated student fee dollars.

Student Success: TASFRC recommends the approval of the 0% increase in the Student Success Mandatory Fee for FY28. The committee believes this fee is beneficial to the student experience and provides various benefits to students.

Transit: TASFRC recommends the approval of a 6% increase of $4.34 to the Transit Mandatory Fee for FY28. The committee believes that this increase is necessary for the department to maintain the operations that students and University of Wyoming staff rely on. It also believes

Passed 21-0-0

that due to the Federal funding cuts, increased operational costs, and the intention to expand public transport access to students across Laramie that this increase is fair to the students.

Passed 21-0-0

Addendum G
Online Education and Technology Fee Justifications

Online Delivery Fee: TASFRC recommends the approval of the 25% increase of $3.50 to the Online Delivery Fee. The committee believes the increase to the student fee is justified, as the department's carryover has been entirely depleted, there are more students participating in online courses, and there are higher costs associated with hosting online services.

Online Student Success Services Fee: TASFRC recommends the approval of the 14.29% increase of $5.00 to the Online Student Success Services Fee. The committee believes the increase to the student fee is justified, as the department's carryover has been entirely depleted and the increase in online program enrollment has caused an increase in the demand for services provided by this fee.

Technology Fee: TASFRC recommends the approval of the 0% increase in the Technology Fee for FY28. The committee believes this fee is fair to students with all that it provides and there is no reason to adjust it.

Passed 21-0-0

Addendum H
Program and Special Course Fee Justifications

Advising Fee: TASFRC recommends a 0% increase to the Advising Fee for FY28. The committee believes the use of the fee and the use of the carryover is fair to students.

College of Agriculture, Life Sciences, and Natural Resources Science-Quantitative Fee: TASFRC recommends the change from the established College of Agriculture, Life Sciences, and Natural Resources Science-Quantitative Fee to a College of Agriculture, Life Sciences, and Natural Resources Program Fee of the same dollar amount ($24.00 per credit hour) for FY28. The committee believes this change will allow the college to expand its impact on students without the need to increase the Science-Quantitative fee for the whole university. The committee believes the change in category of fee is the best course of action moving forward.

College of Arts and Sciences Program Fee: TASFRC recommends the approval of a 0% increase to the College of Arts and Sciences Program fee for FY28. The committee acknowledges the presence of a large carryover and wants to see part of the sum spent next year. The current plan to spend carryover includes the creation of a student success center, upgrading technology in classrooms, and hosting student focused events which the committee acknowledges is beneficial to students.

College of Arts and Sciences Science-Quantitative Fee: TASFRC recommends the approval of a 0% increase to the College of Arts and Sciences Science-Quantitative (Sci-Q) fee for FY28. The committee acknowledges the presence of a large carryover but believes the plan of spending the money is beneficial to students. The committee will take this into consideration during the recommendations for FY29.

College of Arts and Sciences Visual and Performing Arts Fee: TASFRC recommends the approval of a 0% increase to the College of Arts and Sciences Visual and Performing Arts fee for FY28. The committee acknowledges the fee increase received for FY27 and believes no further increase is necessary at this time.

College of Business Program Fee: TASFRC recommends a 0% increase to the College of Business Program fee for FY28. The committee appreciates the college's emphasis on its students and the resources available to them. There is no reason for an increase at this time.

College of Education Clinical Fee: TASFRC recommends the adoption and approval of this newly proposed fee of $21.00 per credit hour for online and on-campus students for FY28. The committee believes this fee is fair to online and on-campus students, as it covers costs such as background checks, EDTPA vouchers, and more. This requirement for clinicals holds true for online and on-campus students. But under the current fee structure, only on-campus students are covered for the associated clinical costs. The committee believes it is fair that all students who would benefit from clinical cost coverage should pay the same fees associated with the program.

Passed 21-0-0

College of Education Program Fee: TASFRC recommends the approval of the 80.77% or $21.00 decrease in the College of Education Program fee for FY28. The committee believes the fee decrease is fair with the adoption of the College of Education Clinical fee. The committee agrees that the decreased fee should only be assessed to on-campus students, as the revenue from this fee goes directly toward upgrading and maintaining on-campus technology. Additionally, the decrease of the program fee in tandem with the increased Educational Clinical fee would not increase the overall cost College of Education students pay. Rather, it divides the cost fairly amongst both online and on-campus students.

College of Engineering and Applied Sciences Program Fee: TASFRC recommends a 0% increase to the College of Engineering and Applied Sciences Program fee for FY28. The committee acknowledges the carryover and wants to see a portion spent by the next fiscal year, with a plan for how the rest will be spent.

College of Engineering and Applied Sciences Science-Quantitative Fee: TASFRC recommends the approval of a 0% increase to the College of Engineering and Applied Sciences Science-Quantitative fee for FY28. The committee acknowledges the carryover and wants to see a portion spent by the next fiscal year, with a plan for how the rest will be spent.

Haub School Program Fee: TASFRC recommends the approval of a 0% increase to the Haub School Program fee for FY28. The committee acknowledges the carryover and wants to see a portion spent by the next fiscal year, with a plan for how the rest will be spent.

Haub School Consolidation of Course Fees: TASFRC recommends the approval of the suggested consolidation of course fees into two separate line items in the FY28 Student Fee Book. The request adds ORTM 2410, ESS 4950, and ENR 4600/5600 to the existing $750 tier and moves Winter Ecology from its existing $2,500 fee line into the $7,000 field course tier. The committee believes this language change makes it easier for students to understand the costs associated with the courses they are taking.

College of Health Sciences Program Fee: TASFRC recommends the approval a 0% increase to the College of Health Sciences Program fee for FY28. The committee appreciates the focus on students with fee spending and that it is used to bring in guest lecturers. TASFRC acknowledges the carryover and wants to see a portion spent by the next fiscal year, with a plan for how the rest will be spent.

College of Health Sciences WWAMI Tuition Payment: TASFRC recommends a 4% increase to the College of Health Sciences WWAMI Tuition Payment for FY28. The committee believes this increase is fair as it mirrors the rise in the cost of the WWAMI partner school tuition. The committee appreciates that this fee is based on contract fulfillment and completion of the program.

College of Health Sciences WYDENT Tuition Payment: TASFRC recommends a 4% increase to the College of Health Sciences WYDENT Tuition Payment for FY28. The committee believes this increase is fair as it mirrors the rise in the cost of the WYDENT partner school tuition. The

committee appreciates that this fee is based off contract fulfillment and completion of the program.

College of Health Sciences Nursing Program Fee: TASFRC recommends a 0% increase to the College of Health Sciences Nursing Program fee for FY27. The committee believes the plan to spend the carryover is beneficial to students. The carryover has been built up purposefully due to the high cost of replacing needed materials and technology.

College of Health Sciences- School of Nursing Doctoral Family Nurse Practitioner Fee: TASFRC recommends the approval of the 5.20% or $37.00 decrease of the fee for FY28. The committee believes the School of Nursing's goal to decrease costs to students is admirable and find that this decrease is fair to students without impacting their quality of education.

College of Health Sciences- School of Nursing Doctoral Psychiatric Mental Health Nurse Practitioner Fee: TASFRC recommends the approval of the 31.06% or $82.00 decrease of the fee for FY28. The committee believes the School of Nursing's goal to decrease costs to students is admirable and find that this decrease is fair to students without impacting their quality of education.

College of Health Sciences- Occupational Therapy One-time Seat Fee: TASFRC recommends the approval and adoption of this $200.00 fee. The committee believes this fee is fair to students in the program and ensures the program can maintain full enrollment numbers.

College of Law Computing fee for full-time students: TASFRC recommends the approval of a 0% increase to the College of Law Computing fee for full-time students for FY28. The committee believes this fee is fair to students and appreciates the emphasis on students in terms of how the revenue is expended.

College of Law Computing fee for part-time students: TASFRC recommends the approval of a 0% increase to the College of Law Computing fee for part-time students for FY28. The committee believes this fee is fair to students and appreciates the emphasis on students in terms of how the revenue is expended.

College of Law John Burman Student Government Fee: TASFRC recommends the approval of a 0% increase to the College of Law John Burman Student Government fee for FY28. The committee appreciates the fee being used to directly benefit students in a way that expands their law school education and experience.

College of Law BAR Exam Prep Course Fee: TASFRC recommends the approval of a 0% increase to BAR Exam Prep Course Fee for FY28. The committee agrees with the college that this fee does not need to be increased as the cost of the program has not increased.

Honors College Program Fee: TASFRC recommends the approval of a 0% increase to the Honors College Program fee for FY28. The committee appreciates the efforts made by the college to keep the fee low and putting students first in the fee expenditures. TASFRC also

Passed 21-0-0

applauds the plan to spend the carryover in a way that provides additional opportunities to students.

School of Computing Program Fee: TASFRC recommends the approval of the 0% increase to the School of Computing Program Fee for FY28. The committee understands the fee was recently implemented last fiscal year and believes it is best for the fee to remain the same at this time.

WyGISC Geographic Information and Science and Technology Program (GIST) Technology fee: TASFRC recommends the approval of a 0% increase to the WyGISC Geographic Information and Science and Technology Program (GIST) Technology fee for FY27. The committee acknowledges the carryover amount associated with this fee, but it also understands the college has taken on multiple departments in the last few years that have contributed to the carryover amount. The committee wants to see a portion spent by the next fiscal year, with a plan for how the rest will be spent.

Business Enterprise Fees

Housing and Dining Fees:

TASFRC recommends the approval of the cost increases to the following university housing entities for FY28: North Hall, South Hall, McIntyre Hall, Tobin House, Spanish Village, Bison's Run, Summer Housing, Early Arrival Programs, and College of Law Housing. The committee recommends that the changes in rent prices for the Landmark Apartments be more uniform with the percentage increase in cost as seen with the other university apartment complexes. The committee understands that the main reason for the larger requested increase in this complex is that it is the only university complex that allows pets. The committee believes it is a fairer solution for all students to instead increase the pet deposit fee and approve a smaller percentage overall rent increase.

TASFRC recommends the approval of the cost increases to all dining plans and the new addition of a 150 meals voluntary meal plan for FY28. The committee also recommends the approval of removing the 175 voluntary meal plan. The committee understands the increased cost in food and labor and believes this increase is fair to students.

Startright+ Undergraduate Fee: TASFRC recommends the approval of the 5.09% or $14.00 increase to the Startright+ Undergraduate Fee for FY28. The committee believes this increase to the student fee is fair, as the cost of materials has increased and the amount of materials requested to be available to students through this program has increased. The committee believes the fee's original intent of making course materials and textbooks affordable still holds true despite the increase.

Startright+ Graduate Fee: TASFRC recommends the approval of a 0% increase to the Startright+ Graduate fee for FY28. The committee believes there is no need for further increase to the fee at this time based off of graduate student usage rates.

Nursing DNP Fee: TASFRC recommends the approval of the new fee of $289 for Nursing DNP students for FY28. The committee believes this fee will provide textbooks and course materials at an affordable price to students in the DNP programs. Additionally, the committee acknowledges that this fee is being decided in collaboration with the School of Nursing.

Addendum J
Miscellaneous Fees

Admissions Application Fee- Undergraduate: TASFRC recommends the approval of the $10.00 fee increase to the Undergraduate Application Fee for FY28. The committee believes this fee increase is fair, especially since the fee has not increased in many years, and there are options for it to be waived based on financial hardship.

Admissions Application Fee- Graduate: TASFRC recommends the approval of the $10.00 fee increase to the Graduate Application Fee for FY28. The committee believes this fee increase is fair, especially since the fee has not increased in many years, and there are options for it to be waived based on financial hardship.
