Hall has worked with students' disability services at Cornell which brought him to love his work. He has worked at four different institutions with different makeup that has prepared him for this job. Offers students an opportunity to work with his office and especially extends that opportunity to the Director of Diversity, Equity, and Inclusion for ASUW. He will come back to us with a questionnaire for students to see what the climate is at UW. He is really excited to make a difference in every corner of our state.
