President Murfitt announced The director of marketing is going to start doing an open response question every other week on the ASUW instagram. She is going to be asking "What do you want to see ASUW do," and she will compile the responses and share them with you. This is hopefully going to be a good opportunity for you to hear student perspectives, so pls actually consider the responses she gets! The Director of Wellness and Sustainability needs volunteers for the Band in the Sand event on November 20th from 5:00pm-10:30pm. I will be creating a working group to review the Next Gen USP draft to offer feedback to the academic affairs committee for upper administration and the Board of Trustees

- Vice President Knull announced I have almost concluded Check-ins; And while I won't do a census off this Data, I will provide next week some general touch points and broad topics we can rectify as a team. My biggest take away thus far, is that I want this Body to re-assess how we measure success; Success for a Student Government like us should not be measured by quantity of legislation passed. Success for the 112th ASUW is measured by our impact on Students. The best way to make that impact is by work and projects that directly impact them. Following Check-In's, I will provide a consolidated list, as well as projects to send out to each of your Teams to Tackle. Those of you who's teams have been working on Projects, I am elated at the work you've been doing to improve the student experience here, and I am eager to see some of this work come to fruition.
- Giving Day was a fantastic success, we hit our donor mark and raised just shy of 5,000 dollars; these funds will go directly to our Mental health programming under No More Empty Saddles, help raise awareness and visibility of existing supports, and assist in the establishing of the WEST program the University is taking on.
- Some of you are doing some fabulous passion projects; if you are working on a project I'd like to have regular updates so we can circulate them to folks above us, and to the students we serve.
- Finally, We are tabling this week in the Union; I have two reminders, First No homework/Computers during tabling. This is a time for you to outreach to students, not

work on homework or bills. Secondly, I want everyone to be able to tell me 2 things students want changed based off their outreach this week.

After processing, the meeting adjourned at 8:30 PM. The next regular meeting of the Senate will be on November 5th, 2024, at 7:00p.m. in the Senate Chambers.
