

No-Till Workshop

August 12, 2009

Managing for No Till Systems, Soil Health, and Forages for Livestock

TIME: 9:00 a.m. to 4:00 p.m.

**WHERE: Campbell County Fire Department (new fire hall)
106 Rohan Avenue, Gillette, WY**

The Workshop is FREE and LUNCH will be provided.

**PLEASE CALL (307) 682-1824 TO REGISTER
BEFORE AUGUST 5, 2009.**

High energy and fertilizer costs, water restrictions and long term drought are all factors influencing profitability for crop producers. Production practices such as no-till cropping systems which enable producers to reduce costs, manage water use, survive drought situations and yet provide economic returns are needed. This conference will provide producers with knowledge about no-till cropping systems so they can implement these practices.

SPEAKERS AND TOPICS:

- **RAINFALL SIMULATOR DEMONSTRATION/SOIL AND WATER INTERACTIONS**

Kathy Buttle, Soil Conservationist - NRCS, Harrisburg, NE

- **DRYLAND CROPPING SYSTEMS/WATER INTERACTIONS**

Mark Watson - NE Panhandle No Till Education Coordinator

- **NO TILL EQUIPMENT/PLANTING CONSIDERATIONS**

Dan Gillespie - No Till Specialist in NE

- **BUILDING SOIL HEALTH**

Jay Fuhrer, District Conservationist - NRCS, Bismarck, ND

- **USING COVER CROPS AS A BRIDGE BETWEEN GRAZING AND
NO TILL SYSTEMS**

Ken Miller, Producer and District Technician for Burleigh County Soil Conservation District, ND
