

Fruit Tree Pruning Workshop

Saturday October 18, 2014

10:30am - 12:30pm

Sheridan Research and Extension Center

663 Wyarso Road

Sheridan, WY 82801

The Sheridan R&E Center is located 7 miles east of Sheridan on Highway 336 (Wyarso Road). The station is located on the left side-watch for the UW Sign.

To register call: (307) 673-2856

We will be outside at the Sheridan Research and Extension Center. Please dress appropriately.

Did you know that proper annual pruning will:

Increase fruit size

Improve fruit quality

Manage tree size

Help manage fire blight

Make harvesting easier

Please join us for a hands-on pruning demonstration. Chris Hilgert, University of Wyoming Extension Horticulture Specialist, will show you how and why to prune, and answer your pruning questions. Hosted by UW Sheridan County Extension, UW Sheridan Research and Extension Center, UW Extension Master Gardeners, and Landon's Greenhouse and Nursery.
