The Sheridan Tree Board will be having a Tree Pruning Workshop on November 8, 2014. This workshop is open to the public! Please come and join us to learn proper pruning techniques that can be implemented to increase tree aesthetics and health. We will be meeting at 1pm at the Downtown Sheridan Association Building in the conference room for a presentation. Subsequently, we will break into groups for a field practical on North Main Street. We look forward to seeing you there! Workshop concludes around 5pm.
