

# Chainsaw Safety and Use

University of Wyoming Extension is partnering with the Nature Conservancy to offer an introductory chainsaw class especially for women. Learn to safely and effectively use a chainsaw to clear small trees from your property and cut firewood. Participants will be removing Russian Olive trees along the Shoshone River.

## The details...

September 12th, 9am to 7pm  
Cody, WY  
\$75 per person

Lunch and snacks will be provided.  
No experience necessary.

Meet at the Cody Library at 9am for classroom instruction. Most of the day will be spent in the field running saws.

**Do you want to learn to operate a chainsaw, or gain additional confidence and experience?**

**Do you want to learn how to cut down Russian Olive trees?**

**This class is for you!**
