

# NEED A JOB??

## WE ARE HIRING!

### Looking for opportunities at a fast paced company with a rich cultural environment?

Bright Agrotech is a rapidly growing agriculture technology startup educating, equipping, and empowering modern farmers around world with ZipGrow vertical farming technology. We're completely committed to the vision. To our farmers. To creating change. We don't forget to laugh but we always remember to break a sweat.

### ARE YOU A GOOD FIT?

"Focus on the Farmer." It's a simple motto that defines everything we do. Guided by our 6 core values, we wake up everyday thinking about how we can partner with and empower our customers to build a fresher, more distributed food system that benefits everyone.

We're looking for individuals who:

- Think differently to solve problems
- Have a mindset of growth and abundance
- Always seek to create honest, transparent relationships
- Believe in giving generously and working with a purpose
- Thrive as a hardworking, scrappy underdog
