Date	Speaker	Info	Title	Host:
Aug. 31	Andy Sih	UC Davis	<i>Insights on the ecology of behavioral syndromes</i>	EEB Seminar Series; Kelley
Sep. 7	Akira Terui	UNC Greensboro	<i>Merging theory and data to understand riverine biodiversity</i>	Botany Seminar Series; Wagner Lab
Sep. 14	Jordan Karubian	Tulane	<i>Interactions between birds, plants and people in the Chocó biogeographic zone</i>	EEB Seminar Series; WyoBird / Tarwater
Sep. 21	Mike Ryan	University of Texas, Austin	<i>A taste for the beautiful: sex and calling in the tungara frog</i>	EEB Seminar Series; Tarwater & Shertzer
Sep. 28	Anne Pringle	University of Wisconsin, Madison	<i>Rethinking Baker's articulation of an "ideal weed" with fungi: What enables nonpathogenic fungi to invade new habitats?</i>	Botany Seminar Series – Christensen Lecture; Miller
Oct. 5	Melissa Guzman	University of Southern California	<i>Using occupancy models to infer trends of bee biodiversity in North America</i>	Botany Seminar Series; Szojka – graduate student invited speaker
Oct. 12	Kaitlyn McKnight	University of Wyoming	<i>An empirical assessment of spatiotemporal trends in synchrony across ecological hierarchies: Linking theory and data</i>	Botany Seminar Series; Shoemaker, PhD Proposal Presentation
Oct. 19	Jorge Soberon	University of Kansas	<i>Island Biogeography, a Grinnellian Niche Perspective</i>	EEB Seminar Series; Ewers
Oct. 26	Tom Martin	University of Montana	<i>Why do species differ in their life history strategies?</i>	EEB Seminar Series; WyoBird / Chalfoun

Fall 2023

Nov. 2	Mason Heberling	Carnegie Museum of Natural History	<i>Rethinking the herbarium specimen</i>	Botany Seminar Series; Rocky Mountain Herbarium / Tank
Nov. 9	Renee Duckworth	University of Arizona	<i>TBD</i>	EEB Seminar Series; LaSharr and Schoenborn
Nov. 16	Katherine Suding	University of Colorado Boulder	<i>TBD</i>	Botany Seminar Series; Laughlin Lab
Nov. 30	Emily Moore	University of Denver/University of Nebraska	<i>TBD</i>	EEB Seminar Series; Wagner Lab
Dec. 7	Karen Abbott	Case Western Reserve University	<i>Stability and tipping points in noisy environments</i>	EEB Seminar Series; Shoemaker Lab
