The accompanying notes are an integral part of this Schedule.

University of Wyoming
(A Component Unit of the State of Wyoming)
Notes to the Schedule of Expenditures of Federal Awards
Year Ended June 30, 2025

Note 1. Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards (the Schedule) includes the federal award activity of the University of Wyoming (the University) under programs of the federal government for the year ended June 30, 2025. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the University, it is not intended to and does not present the financial position, changes in net position or cash flows of the University.

Note 2. Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the cash basis of accounting. Such expenditures are recognized following, as applicable, the cost principles contained in the Uniform Guidance, or other applicable regulatory guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the Schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years. The University has elected not to use the de minimis indirect cost rate allowed under the Uniform Guidance as the University either uses its negotiated indirect cost rate or the indirect cost rate agreed upon through the grant agreement.

Note 3. Federal Loan Funds – Not Subject to Compliance

The University has certain federal student loan funds not subject to continuing compliance requirements, such as the Federal Direct Student Loans. Since the University does not administer the program, the outstanding loan balances have not been included in the Schedule. New loans made during the year under this program are included in the Schedule.

**Report on Internal Control Over Financial Reporting
and on Compliance and Other Matters Based on
an Audit of Financial Statements Performed in
Accordance with *Government Auditing Standards***

Independent Auditor's Report

Board of Trustees
University of Wyoming
Laramie, Wyoming

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*), the financial statements of business-type activities and the discretely presented component unit of the University of Wyoming (the University) collectively a component unit of the State of Wyoming, as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the University's basic financial statements and have issued our report thereon dated November 20, 2025. Our report includes a reference to other auditors who audited the financial statements of the University of Wyoming Foundation as described in our report on the University's financial statements. The financial statements of the Foundation were not audited in accordance with *Government Auditing Standards*, and accordingly, this report does not include reporting on internal control over financial reporting or compliance and other matters associated with the Foundation.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the University's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control. Accordingly, we do not express an opinion on the effectiveness of the University's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the University's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**Report on Compliance for the Major Federal Program,
Report on Internal Control Over Compliance, and
Report on Schedule of Expenditures of Federal Awards
Required by the Uniform Guidance**

Independent Auditor's Report

Board of Trustees
University of Wyoming
Laramie, Wyoming

Report on Compliance for the Major Federal Program

Opinion on the Major Federal Program

We have audited the University of Wyoming's (the University) compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on the University's major federal program for the year ended June 30, 2025. The University's major federal program is identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the University complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended June 30, 2025.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the "Auditor's Responsibilities for the Audit of Compliance" section of our report.

We are required to be independent of the University and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for the major federal program. Our audit does not provide a legal determination of the University's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the University's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the University's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the University's compliance with the requirements of the major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the University's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the University's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Other Matters

The results of our auditing procedures disclosed instances of noncompliance which are required to be reported in accordance with the Uniform Guidance and which are described in the accompanying schedule of findings and questioned costs as item 2025-001. Our opinion on the major federal program is not modified with respect to this matter.

Government Auditing Standards requires the auditor to perform limited procedures on the University's response to the noncompliance findings identified in our audit described in the accompanying schedule of findings and questioned costs. The University's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response. The University is responsible for preparing a corrective action plan to address each audit finding included in our auditor's report. The University's corrective action plan was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on it.

Perkins loan liquidation was included as a direct and material compliance requirement for the major federal program. Our opinion was not modified with respect to this matter.

Report on Internal Control Over Compliance

Our consideration of internal control over compliance was for the limited purpose described in the “Auditor’s Responsibilities for the Audit of Compliance” section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, as discussed below, we did identify certain deficiencies in internal control over compliance that we consider to be significant deficiencies.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiency in internal control over compliance described in the accompanying schedule of findings and questioned costs as item 2025-001 to be a significant deficiency.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

Government Auditing Standards requires the auditor to perform limited procedures on the University’s response to the internal control over compliance findings identified in our audit described in the accompanying schedule of findings and questioned costs. The University’s response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response. The University is responsible for preparing a corrective action plan to address each audit finding included in our auditor’s report. The University’s corrective action plan was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on it.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of the business-type activities and the discretely presented component unit of the University as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the University's basic financial statements. We have issued our report thereon dated November 20, 2025, which contained unmodified opinions on those financial statements, and reference to the reports of other auditors. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

University of Wyoming
(A Component Unit of the State of Wyoming)
Schedule of Findings and Questioned Costs
Year Ended June 30, 2025

Section I – Summary of Auditor’s Results

Financial Statements

1. Type of report the auditor issued on whether the financial statements audited were prepared in accordance with GAAP:
- ☒ Unmodified ☐ Qualified ☐ Adverse ☐ Disclaimer
2. Internal control over financial reporting:
- Significant deficiency(ies) identified? ☐ Yes ☒ None reported
- Material weakness(es) identified? ☐ Yes ☒ No
3. Noncompliance material to the financial statements noted? ☐ Yes ☒ No

Federal Awards

4. Internal control over major federal awards programs:
- Significant deficiency(ies) identified? ☒ Yes ☐ None reported
- Material weakness(es) identified? ☐ Yes ☒ No
5. Type of auditor’s report issued on compliance for major federal program(s):
- ☒ Unmodified ☐ Qualified ☐ Adverse ☐ Disclaimer
6. Any audit findings disclosed that are required to be reported by 2 CFR 200.516(a)? ☒ Yes ☐ No

University of Wyoming
(A Component Unit of the State of Wyoming)
Schedule of Findings and Questioned Costs
Year Ended June 30, 2025

(Continued)

7. Identification of major federal programs:

<u>Assistance Listing Number</u>	<u>Name of Federal Program or Cluster</u>
	Student Financial Assistance Cluster
84.007	Federal Supplemental Educational Opportunity Grants
84.033	Federal Work-Study Program
84.063	Federal Pell Grant Program
84.268	Federal Direct Student Loans
84.379	Teacher Education Assistance for College and Higher Education Grants (TEACH Grants)

8. Dollar threshold used to distinguish between Type A and Type B programs: \$3,000,000.

9. Auditee qualified as a low-risk auditee? ☒ Yes ☐ No

Section II – Financial Statement Findings

Reference Number	Finding
	No matters are reportable

Section III – Federal Award Findings and Questioned Costs

Reference Number	Finding
2025-001	Student Financial Assistance Cluster, 84.379 Teacher Education Assistance for College and Higher Education Grants, 84.007 Federal Supplemental Educational Opportunity Grants, 84.033 Federal Work-Study Program, 84.063 Federal Pell Grants, 84.268 Federal Direct Student Loans, U.S. Department of Education Program Year 2024-2025 Criteria or Specific Requirement - Criteria or Specific Requirement - Special Tests: Return of Title IV Funds 34 CFR Section 668.22 Cause - The University's Office of Financial Aid incorrectly returned Title IV funds. Effect or Potential Effect - Funds were not returned within the required time frame. Condition - Return of Title IV funds were not completed within the required time frame. Questioned Costs - None Context - Out of a population of 133 official and unofficial withdrawals of students who received Student Financial Assistance, a sample of 14 student withdrawals were selected for testing. Our sample was not and was not intended to be statistically valid. For one of the student withdrawals tested, funds were not made back to the lender within the required time frame. Identification as a Repeat Finding - N/A Recommendation - The University's Office of Financial Aid should complete Return of Title IV calculations for all students who officially and unofficially withdrew during the semester within the required time frame. Views of Responsible Officials and Planned Corrective Actions - The University's Office of Student Financial Services agrees with the recommendation and will ensure that Return of Title IV (R2T4) calculations and applicable returns of funds for all students who officially or unofficially withdraw are completed within required regulatory time frames. To strengthen internal controls related to R2T4 processing, the Office of Student Financial Services under the direction of the Director of Student Financial Services has taken and will continue the following actions: •Reinforce and update R2T4 procedures to clearly document regulatory timelines, roles, and responsibilities, and to include defined ongoing monitoring practices. These updated procedures incorporate periodic review of R2T4 activity to ensure continued compliance. •Enhance the existing internal tracking mechanism to support timely completion of R2T4 calculations and fund returns. This enhancement includes the ability to generate reports that identify upcoming deadlines, completed actions, and any items requiring follow-up. •Provide refresher training to staff within the Office of Student Financial Services and partner offices involved in R2T4 processing, with emphasis on compliance requirements, timelines, documentation standards, and shared accountability across offices. •Incorporate a secondary review process as part of the existing R2T4 procedure. A designated secondary reviewer within the Office of Student Financial Services will confirm the accuracy and timeliness of each R2T4 calculation and associated fund return, with completion of the review documented within the tracking system. These corrective actions will be implemented upon review and approval and will be effective beginning Spring 2026.
