Official Rules, Requirements, and Judging Criteria
Academic Year: 2021-2022

OVERVIEW

Please note that this is a draft of the 2021-2022 \$50k ECC Rules and Guidelines. The final version will be available by Wednesday, September 1, 2021 through request to ENTR@uwyo.edu, and will be posted at www.uwyo.edu/business/entrepreneurship by Wednesday, September 8, 2021.

Welcome to the 2021-2022 University of Wyoming \$50K John P. Ellbogen Entrepreneurship Competition (\$50K ECC). We appreciate your interest in participating in this year's event, hosted by the University of Wyoming College of Business (CoB).

Each year hundreds of projects are completed by students and many of these projects result in creative and innovative ideas, which very possibly could be taken to the next step as a marketable product or service. The \$50K EEC at UW is designed to encourage Wyoming students to act on their talents, ideas, and energy to produce tomorrow's leading businesses.

Students from all colleges in Wyoming at the undergraduate and graduate levels are welcome to enter the competition. Multi-disciplinary teams that combine members from many different backgrounds are encouraged, as these teams bring together the variety of skills required for a successful venture.

The \$50K EEC is the largest student entrepreneur competition in the state. Launched in 2000 to encourage students at UW to cultivate their ideas and innovations to possible fruition, the \$50K EEC was formerly known as the UW \$10K Competition until 2011 and the \$30K Competition until 2017. Since 2000, the competition has hosted more than 268 diverse student entrepreneur teams, awarded more than \$575,000 in cash prizes and provided continued mentorship and logistical support.

Competing in the \$50K EEC Round 3 requires enrollment of at least one team member in the College of Business Entrepreneurship Course: 4700-02 (Business Model Creation & Launch), which provides resources to aid students in the creation and implementation of their businesses. Students will also gain valuable skills and experience to help them transition to the competitive world of entrepreneurship and improve their ability to support or evaluate new ventures.

The \$50K EEC provides teams with valuable resources in the following areas crucial to a successful entrepreneurship:

- Networks of entrepreneurs, investors, and potential partners
- Mentorship by successful and seasoned professionals
- Education in specific business planning skills and general entrepreneurial insight
- Teambuilding opportunities
- Funding and support to help the winning team(s) start their venture

The competition is open to all new, independent ventures in the seed, start-up, or early growth stages. The competition is supportive of teams that have a business concept for launching a new venture. The

2021-2022 \$50K EEC will have two tracks of competition: Undergraduate Track and Graduate Track. The Undergraduate Track features undergraduate composition while the Graduate Track will feature Graduate Team member composition. Track placement will be determined by a \$50K EEC panel based on each team's registration information.

GENERAL INFORMATION

The following rules are binding throughout the entire duration of the \$50K EEC. Participating in the \$50K EEC indicates acceptance of these rules and regulations and agreement to abide by them.

- **How to Enter:** TBD. The final version of this document will be available by Wednesday, September 1, 2021 through request to ENTR@uwyo.edu, and will be posted at www.uwyo.edu/business/entrepreneurship by Wednesday, September 8, 2021.
- **Entry Fees:** The \$50K EEC has no entry fee.
- **Use of Competition Materials:** The \$50K EEC reserves the right to use any material prepared for the \$50K EEC in publicizing and promoting the event. The \$50K EEC may use these materials in any media format. The \$50K EEC may videotape or photograph any portion of the \$50K EEC and utilize these materials in any way that it sees fit.
- **Changes to Competition Rules:** While not anticipated, these rules and prizes are subject to change at the discretion of the \$50K EEC at any time. The \$50K EEC staff has the right to interpret these rules according to its own judgement.
- **Decisions regarding the Competition and the Winners:** All decisions regarding the competition rules, procedures, and processes are at the sole discretion of the \$50K EEC. Changes and/or interpretations of these rules may be made by the COB at any time. The selection of the teams to compete and the decision of the winners are at the sole discretion of the judges and the \$50K EEC. Best efforts will be made to make decisions in accordance with this Official Rules document.
- **Confidentiality:** All sessions of the competition, including but not limited to oral presentations and question/answer sessions, are open to the public at large. Any and all of these sessions may be broadcast to interested persons through media which may include radio, television and the Internet. Any data or information discussed or divulged in public sessions by entrants should be considered information that could possibly enter the public realm, and entrants should not assume any right of confidentiality in any data or information discussed, divulged, or presented in these sessions.

John P. Ellbogen \$50K Entrepreneurship Competition
Official Rules, Requirements, and Judging Criteria
Academic Year: 2021-2022

Due to the nature of the competition, we are able to ask mentors, judges, staff, volunteers, and competing teams to sign a confidentiality agreement. However, while the \$50K EEC will make every effort to limit distribution of business plans presented at the competition, the \$50K EEC cannot guarantee that other individuals will not obtain access to electronic or hard copies of the business plan. All presentations are open to the general public, and some presentations may be videotaped. Attendance by media personnel may occur.

- **Copyrights & Permissions:** If a team uses copyrighted materials and/or images from a third-party in their submissions or presentation, they must obtain permission and authorization in advance from the owners to use this material and be able to provide such documented permission/authorization upon request from the \$50K EEC, CoB, mentors, or judges.
- **IP Fights:** will be judged on a case-by-case basis as a situation arises.
- **Conflict of Interest Statement:** No judge, mentor, volunteer, or competition staff member may have any vested interest, equity stake, or financial stake in any of the competing companies prior to completion of the competition. Any of the previously listed parties that stand to gain financially or otherwise from the success of any of the competing companies prior to their completion of the competition is strictly prohibited. Any such associations will result in disqualification of the team and/or removal of that individual from his/her associated position with the competition.
- **Special Situations:** If you or any member of your team needs to request approval for a special situation or an exception to these rules and guidelines, the team point of contact person should submit in writing a formal proposal explaining the situation or request. The \$50K EEC will review all proposals and deliver a response via email. Proposals should be submitted by sending an email with the proposal as a PDF attachment to ENTR@uwyo.edu.
- **Rules Violations**
 - Questions about the rules should be addressed to ENTR@uwyo.edu for clarification.
 - Rule violation concerns must be submitted in writing to the \$50K EEC detailing the purported violation, team(s) involved, and team(s) reporting the purported violation.
 - False violation reports are considered a violation and will be brought forward by the \$50K EEC if deemed appropriate.
 - The \$50K EEC has final authority in deciding if a violation occurred and will assess a penalty for the violation if deemed appropriate. The \$50K EEC can disqualify a team or team member, advise judges of a violation, and allow them to consider the facts in their rankings, remove prize eligibility, recommend barring a team or individuals from future \$50K EEC competitions, or simply dismiss a purported violation.
 - Purported violations and penalties applied can be appealed in writing by the affected team by no later than 72 hours after the penalty is issued. Appeal requests will be considered by the \$50K EEC and the \$50K EEC may affirm or reverse their decision based on the team's statement.

Official Rules, Requirements, and Judging Criteria
Academic Year: 2021-2022

COMPETITOR ELIGIBILITY

Each team must meet the following requirements to compete in the \$50K EEC.

- **Team Composition:** This is a competition for Wyoming (University of Wyoming and Wyoming community college students) undergraduate and graduate level students. The competition is for students currently enrolled on a full- or part-time basis through at least December 2021. This includes students who will graduate in December 2021. Your team may include a maximum of one (1) non-student individual.
- **Age:** Team members must be 18 years of age or older.
- **Team Size:** The team should include at least one (1) current Wyoming college student and not exceed ten (10) members. If entering the competition with partners, you must appoint an individual as the Team Leader and single contact point with \$50K EEC organizers– you must list all individuals in the business on the appropriate entry forms.
- **Outside Funding:** Ventures with significant private funding in prior three (3) years (before July 2021) are excluded. Significant private funding will be reviewed by \$50K EEC organizers on a case-by-case basis. Ventures may not have received any funding from prior incubators, venture capitalists, and/or accelerators.
- **Student Involvement:** The competition is for student-created and –managed ventures, including new ventures launched by licensing university technology. Students are expected to:
 1. Be the driving force behind the new venture,
 2. Have played the primary role in developing the business plan,
 3. Have key management roles in the venture, and
 4. Own significant equity in the venture.

The \$50K EEC is designed to help college students build their entrepreneurial skills by helping them to build a business and business plan and compete against other student teams for a grand prize. Because the \$50K EEC is a student competition, the student(s) must be at the core of the submitted business plan and must play a major role in formulating the business.

In general, a student member of the team should be CEO, COO, or President of the venture, or members of the student team should occupy 50% or more of the functional area management positions that report directly to the CEO, COO, or President.

- **Nature of Ventures:** The competition is for new, independent ventures in the seed, start-up, or early growth stages. Generally excluded are the following: buy-outs, expansions of existing companies, real estate syndications, tax shelters, franchises, licensing agreements for distribution in a different geographical area, and spin-outs from existing corporations. Licensing

technologies from universities or research labs is encouraged, assuming they have not been commercialized previously.

The competition is supportive of teams that have created a business plan to launch a new venture based on university-developed research and innovations. A goal of the competition is to support commercialization of promising university technologies through licensing of technologies to start-up ventures.

Recognizing that the equity structure of these new university-based ventures may not yet be established, the 50% equity ownership rule may be waived in this situation. This waiver will be examined on a case-by-case basis.

- **Prior Activity:** Technologies may be presented in the \$50K EEC only once if they have made it all the way to ROUND 3. Team members may have worked on an idea or new technology in previous academic years, so long as the idea or new technology was not previously entered in the \$50K EEC and made it to ROUND 3.

The \$50K EEC has the final decision on which teams are invited to compete in the \$50K EEC and reserves the right to include or exclude any teams for any reasons.

****NOTE:** All submitted work must be original work of team members or appropriately licensed work of others. Any submission that does not meet these requirements will be eliminated from the competition.

JUDGES

Judges are hand selected by the \$50K EEC to include a diverse group of individuals with experience in a variety of backgrounds. Judges will judge Round 2 or Round 3 but will not judge both rounds.

Upon acceptance of the invited role of JUDGE, Judges **MUST** fill out and submit to ENTR@uwyo.edu the following forms and information:

1. General Information
2. Model Release Form
3. Confidentiality Agreement Form
4. Bio Headshot Photo
5. Bio Information

Conflict of Interest Statement: No Judge, Financial Consultant, Mentor, volunteer or competition staff member may have any vested interest, equity stake, or financial stake in any of the competing companies until completion of the competition. Any of the previously listed parties that stand to gain financially or otherwise from the success of any of the competing companies is strictly prohibited until their completion of the competition. Any such associations will result in disqualification of the team and/or removal of that individual from his/her associated position with the competition.

Rules Violations

- Questions about the rules should be addressed to ENTR@uwyo.edu for clarification.
- Rules violation concerns must be submitted in writing to the \$50K EEC detailing the purported violation, team(s) involved, and team(s) reporting the purported violation.
- False violation reports are considered a violation and will be brought forward by the \$50K EEC if deemed appropriate.
- The \$50K EEC has final authority in deciding if a violation occurred and will assess a penalty for the violation if deemed appropriate. The \$50K EEC can disqualify a team or team member, advise judges of a violation and allow them to consider the facts in their rankings, remove prize eligibility, recommend barring a team or individuals from future \$50K EEC competitions, or simply dismiss a purported violation.
- Purported violations and penalties applied can be appealed in writing by the affected team by no later than 72 hours after the penalty is issued. Appeal requests will be considered by the \$50K EEC and the \$50K EEC may affirm or reverse their decision based on the team's statement.

ROUND 2: Virtual Pitch (Preliminary Judges)

Winners of ROUND 1 will have a scheduled Virtual Pitch with a panel of judges on Thursday or Friday, November 18 or 19, 2021. Teams in ROUND 2 will pitch their Business Concept with a panel of judges for 6-8 minutes, followed by 6-8 minutes of Q&A from judges.

- **Scoring – Criteria**

The winners of ROUND 2: Virtual Pitch will be determined by the preliminary judges' ranking of the teams at the end of the round.

To assist the preliminary judges in this decision process, the preliminary judges will fill out 2 scorecards for each team. The 2 scorecards will cover:

1. Part I: Written Business Concept Scorecard
(Completed PRIOR to pitch)
2. Part II: Virtual Pitch Scorecard

The individual scorecards are designed to provide guidance for preliminary judges in evaluating the individual components of each team in order to develop their overall rankings.

- **Scoring – Process**

Preliminary Judges will review the written business concepts of each of the teams and complete Part I: Written Business Concept Scorecard online for each concept in advance of the competition by 3 PM (MST) Wednesday, November 17, 2021. Part I is designed to assess the written business plan, focusing on key elements such as:

- Content of plan, including the thoroughness and quality of the analysis
- Effective use of business information and research
- Clear communication
- Probability of successful launch
- Community impact and job creation potential

During ROUND 2: Virtual Pitch, each preliminary judge will assess the written business concepts, oral presentations, and business viability of each team focusing on key elements such as:

- Is the business opportunity as presented both highly attractive and clearly realistic?
 - What is the business model?
 - Do the market and financial projections demonstrate that the team understands its business?
 - How long will it take from the current stage of development to bring this to market?
 - Can this venture achieve a leadership position in its market?
 - Has the team gone out to the market already to test its ideas?
 - Who will be the first customer(s)?
 - Does the team have the necessary communication skills to present a compelling story?
 - Are the team members dedicated to the venture and their roles in the group?
 - Does the team have a clear plan for spending the investment money it receives?
- **ROUND 2: Virtual Pitch, Part I and Part II Scorecards**
Please see page 26 and 27 for the Preliminary Judge's Virtual Pitch Scorecards.

ROUND 3: FINAL PRESENTATION (Final Round Judges)

- **Scoring – Criteria**
The winners of the competition will be determined by the judges' ranking of the teams. The ranking will be completed by the judges at the END of the competition.

To assist the judges in this decision process, the judges will fill out two scorecards for each team. The two scorecards will cover:

3. Part I: Written Business Plan Scorecard
(Completed PRIOR to teams arriving on campus)
4. Part II: Oral Presentation & Business Viability Scorecard

The individual scorecards are designed to provide guidance for judges in evaluating the individual components of each team in order to develop their overall rankings.

- **Scoring – Process**
Judges will review the written business plans of each of the teams and complete Part I: Written Business Plan Evaluation Scorecard online for each plan in advance of the competition by 3 PM (MST), Wednesday, May 4, 2022. Part I is designed to assess the written business plan, focusing on key elements such as:
 - Executive Summary – clear/effective overview of the plan
 - Uniqueness and economic feasibility

John P. Ellbogen \$50K Entrepreneurship Competition

Official Rules, Requirements, and Judging Criteria
Academic Year: 2021-2022

- Description, features, benefits, pricing, current stage of development of product or service
- Proposed use of financial resources
- Market and market strategy
- Growth relating to job creations and revenue projections

During the competition, each judge will assess the written business plans, oral presentations, and business viability of each team focusing on key elements such as:

- Is the business opportunity as presented both highly attractive and clearly realistic?
- What is the business model?
- Do the market and financial projections demonstrate that the team understands its business?
- How long will it take from the current stage of development to bring this to market?
- Can this venture achieve a leadership position in its market?
- Has the team gone out to the market already to test its ideas?
- Who will be the first customer(s)?
- Is the team sufficient in breadth, balance and quality to make its ideas happen?
- Is the team focused on its target market(s)?
- Is the plan clear and well—written?
- Does the team have the necessary communication skills to present a compelling story?
- Are the team members dedicated to the venture and their roles in the group?
- Does the team have a clear plan for spending the investment money it receives?

****NOTE:** Judges are encouraged to ask questions during the Q&A session at the end of each presentation in each round. This provides experience to team members and provides a better basis for scoring.

- **Written Business Plan and Oral Presentation Scorecards**

Please see pages 28, 29, and 30 for the Judge's Evaluation Scorecards.

****NOTE:** Judges are asked to evaluate each team individually and should not discuss their evaluation with other judges until all judges' evaluation forms have been submitted.

DONORS & SPONSORS

John P. Ellbogen Foundation

John P. Ellbogen Foundation John P. “Jack” Ellbogen is the benefactor of the Foundation. He was a Wyoming native, born and raised in Worland. He had a great love for and commitment to his home State. His actions spoke loudly.

He attended the University of Wyoming earning a bachelor's degree in History, a Law Degree, and an Honorary Doctorate from the College of Business. He started his career as a land man for Carter Oil Company (Exxon) and went on to become an Independent Oil Producer, forming several oil and gas companies. He attributed his success in business to his education and the outstanding teachers who encouraged him to work to his fullest potential.

Throughout his adult life, Jack believed in the importance of a quality education for all Americans. He believed that the classroom teacher was the single most important factor to enhanced student learning. Jack established programs at the University of Wyoming and in Natrona County to emphasize the importance of quality teaching and to recognize and reward teachers for excellence as seen through the eyes of their students.

During the later years of his life, he felt an obligation to get involved in the public school system. His research led him to the National Board for Professional Teaching Standards, and the National Board Certification process. A pilot program to test the reception of this process was jointly funded by Jack and Ruth Ellbogen. Jack was actively working on the expansion of the program in the final months of his life. In 2004, the John P. Ellbogen Foundation Board approved the Wyoming National Board Certification Initiative to serve teachers throughout the State of Wyoming. It has become the hallmark of the Foundation.

FAQs

- **How are teams selected to compete at the \$50K Ellbogen Entrepreneurship Competition?**

Teams are selected based on the evaluation and scoring of their submitted work in each round. A small group of individuals with various expertise review each application and are evaluated based on the judging criteria outlined in the Rules section.

- **If selected to compete, does the competition cover any of my travel expenses?**

Each team is responsible for paying for their own expenses related to the competition.

- **How many people can be on one team?**

Teams must be between one (1) and ten (10) currently enrolled full- or part-time students.

- **Can I change my team after I've submitted my application?**

Yes, you have until Friday, February 4, 2022 to make any changes to your team. Any changes must result in a team that meets eligibility requirements as listed in the Rules section. You **MUST** notify the \$50K EEC of the team changes.

- **Can I enter more than one idea into the competition?**

Yes. You may enter as many ideas as you would like, however, you may only present one idea in the final round of the competition.

- **Can I see examples of plans that have won the competition in the past?**

Past winning plans are confidential documents and not available for public consumption. If you want to see examples of other businesses plans, there are tons out there on the web – just Google it.

- **How is the confidentiality of the intellectual property protected?**

Due to the nature of the competition, we are able to ask mentors, judges, staff, volunteers, and teams to sign a confidentiality agreement. However, while the \$50K EEC will make every effort to limit distribution of business plans presented at the competition, the \$50K EEC cannot guarantee that other individuals will not obtain access to electronic or hard copies of the business plan. All presentations are open to the general public, and some presentations may be recorded. Attendance by media personnel may occur.

- **Who are the judges and what are their backgrounds?**

We hand select a diverse group of individuals with experience in a variety of backgrounds.

- **If I win, do I have to invest the prize money in my business?**

Yes.

How to Build a Startup (Online Free Course)

<https://www.udacity.com/course/how-to-build-a-startup--ep245>

In an introduction to the basics of the famous Customer Development Process, Steve Blank provides insight into the key steps needed to build a successful startup.

The main idea in this course is learning how to rapidly develop and test ideas by gathering massive amounts of customer and marketplace feedback. Many startups fail by not validating their ideas early on with real-life customers. In order to mitigate that, students will learn how to get out of the building and search for the real pain points and unmet needs of customers. Only with these can the entrepreneur find a proper solution and establish a suitable business model.

Building a startup is not simply building an execution plan for a business model that the entrepreneur thinks will work, but rather, a search for the actual business model itself.
