ONLINE MAJOR IN BUSINESS ADMINISTRATION

The online Business Administration (BSAD) degree is a completion-program designed to provide a foundation in all business disciplines to prepare you for a wide variety of careers. Once you have successfully completed general education and prerequisite business course work through a community college or other institution, the program allows you to finish the remainder of the degree online through the University of Wyoming (UW). Therefore, the online BSAD degree requires students to have completed Advanced Business Standing (ABS), before completing upper division course work from UW.
